

**The boogeysecret
of falling!**

For Annabel

**Hi Anabel I am the supreme
boogeyman founder and creator
of the boogeyman beater club!
And it came to my attention that
you are a big fan of our books!
So because you are such a big fan
of us i have written a booklet
specially for you!**

**This little book is about a fairy
who is afraid of falling and
failing..**

**Just like you, that's why i have
written this booklet, to show you
that it isn't scary to fall! I hope
you enjoy this booklet, sincerely
the supreme boogeyman!**

**The boogeysecret
of falling specially
for Annabel!**

**once upon a time in Angstland
Feartopia a fairy escaped an army
boogeychauns and escaped to earth!
But the boogeychauns has chauned a
spell on her, And taken her magic!
So every time that she wants to use
a magic spell it doesn't work....
And a fairy without magic is just a
flying tiny little annoying.....
Oh wait how can she fly, if the
boogeychauns has taken her magic??
right impossible!**

**The fairies name was Anabel, and Anabel
was a lot but unfeared of everything
except for falling and failing!
And that's just what the boogeychauns
have jinxed her with!
A curse to always fall and fail on a
different planet! Our planet called earth!
She was little like a 6 year old girl, just
like you!
And you might have seen her yourself.
Because everytime that you fall it might
be because of that fairy...
And falling is not scary, but failing might
is!
But when you sleep soundly in your
warm safe bed.
Anabel keeps you safe from the
boogeymonsters, by spreading sweet
boogeydreams..**

But seeing she hasn't got any magic anymore she instead of spreading good dreams she unfortunately fails and give you a bad dream.. A nightmare about a eternal fall into a bodemless pit!

Anabel knows she made a mistake and does her best to make it right, but everytime that she tries to make it right she fails and the nightmare grows worse and worse!! And still she keeps trying to make it right, and the pitt grows deeper and darker and larger....

Until Anabel cries and that's when she hears the boogeychauns chuckle!!

Anabel apologizes, and climbs through your window into your bedroom and then splat, right on her face..... She stands up and screams I'M SORRY then she uses all the magic she got left to give you a nightmare, the biggest nightmare you ever got! And you stop falling, you are in a meadow filled with beautiful flowers and animals... And you start laughing in your sleep while riding on a horse.. Then you wake up, and you see Anabel in your room.. But at the minute you want to introduce yourself she's poof dissapeared!

**She's back into Angstland
Feartopia, in the boogeyman
beater club itself!**

**One the big bosses of the club
walks to her and says good job!**

**You see falling or failing isn't
scary!**

**You fall to learn how to get up
and you fail, to learn how to do
right!**

**And everyone fails even the
supreme boogeyman and
everyone falls even the
supreme boogeyman! Because
we all fall we all fail, but it's
not the failure that makes you!**

**It's not the fall that's scary! Not
when you are able to get up again!
not when you are able to do right
next time!**

**And you've showed us that you
were able to set the mistake right!**

**That's why the supreme
boogeyman has brought you back
to the club!**

**And gives you your magic back!
Because you didn't fail, you've just
fell!**

**But because that you have falling
you could get up and do better!
And that's all you needed to know,
because falling isn't scary if you
know how to get up!**

The end!

The moral

**This is a easy moral this time,
isn't it? Because Anabel that fairy
was you, and you have fallen but
you were able to get up!**

You were failing but you did right!

**You were jinxed but you have
gotten your magic back!**

So what have you learned?

**Off course falling is scary, but
how can you learn to get up after
a fall if you are to scared to fall?**

**And trust me because the more
you fall the funnier it gets!**

**I want to wish you a very very
merry christmas and until next
time!**

**Thank you for being a boogeyman
beater club fan!**

**This is something just for you
Maybe you can print this book,
and color your own fairies who all
are afraid of something!
Again i want to wish you a very
merry christmas!**
