ISSUE

#1

FIRST EDITION

THE SHADOW OF LOVE

LOVE DOES NOT END WHEN SOMEONE DISAPPEARS.

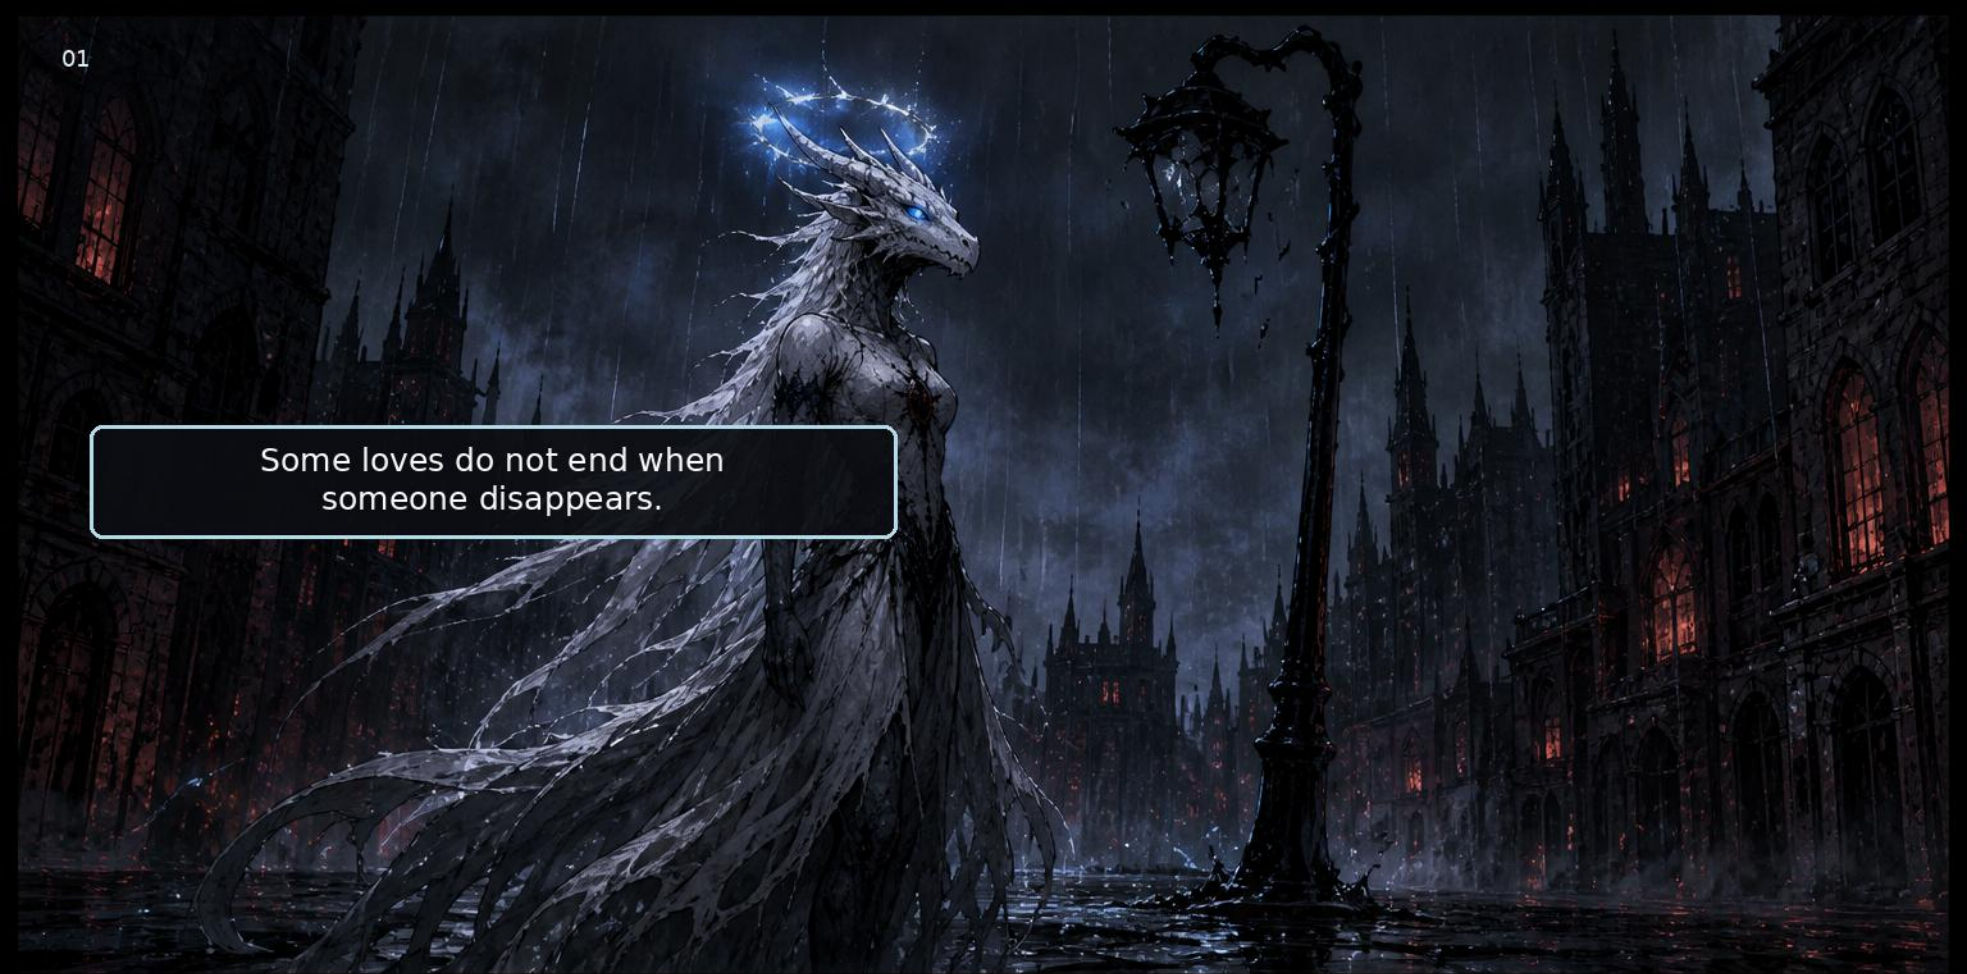

A NEW DARK FANTASY

"I know you're still there."

ONE LOVE. TWO WORLDS. NO WAY BACK.

Written by The Supreme Boogeyman • Dark Fantasy / Gothic Horror

Some loves do not end when
someone disappears.

Angel Eye: "I know you're still
there."

FWOOM

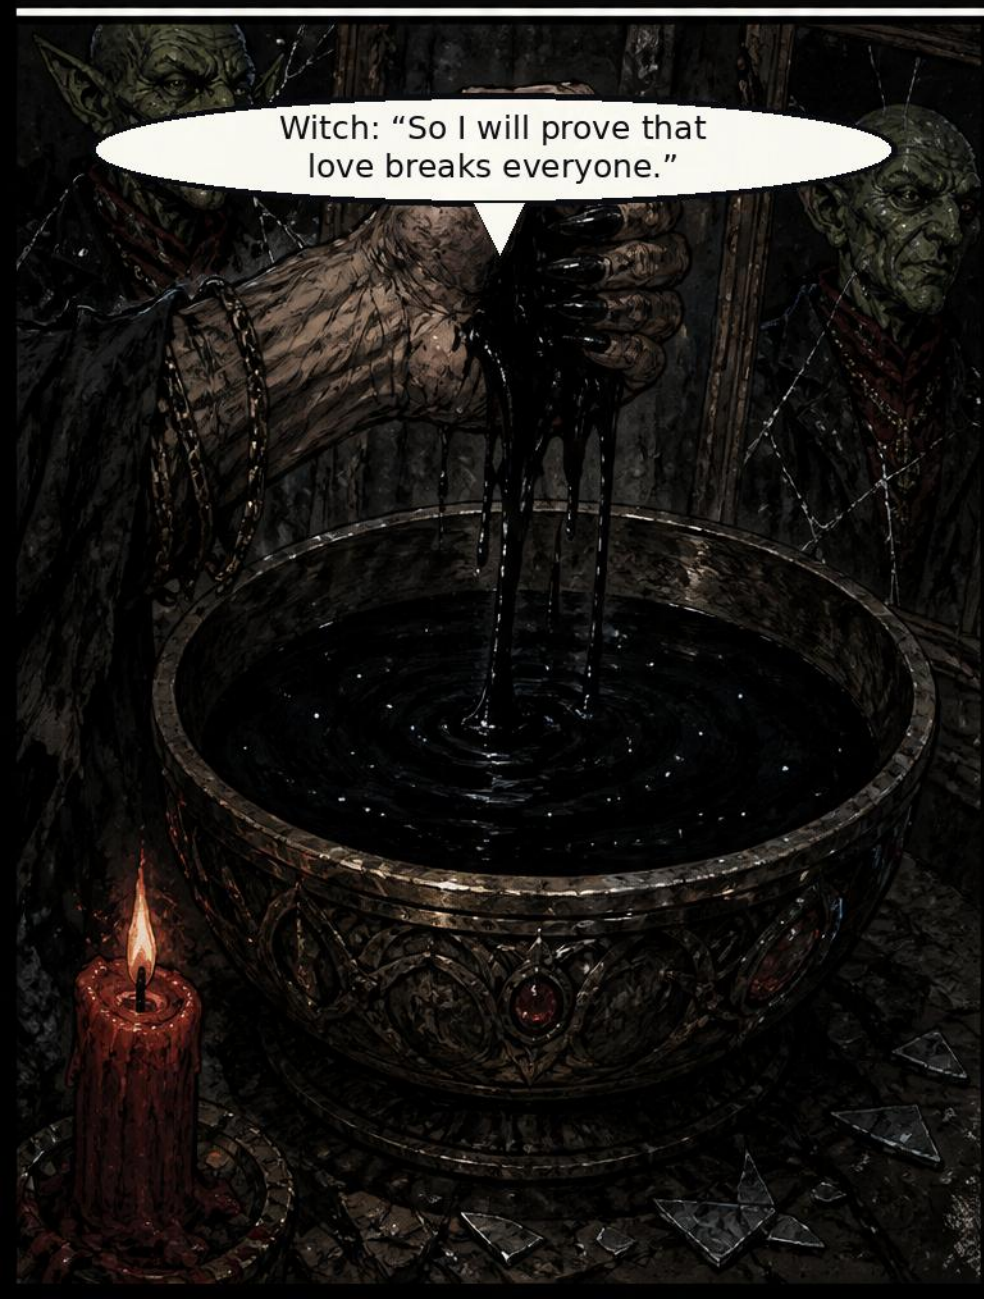

Witch: "Then you'd better go
find him."

A witch with long white hair and a black pointed hat stands in a dark, gothic room. She is looking at a portrait of a man on the wall. The room is filled with many other portraits of men, some of which are broken or shattered. A small table in the foreground holds a bowl, a bottle, and candles.

Long ago, the Witch lost her true love.

A close-up of the witch's face. She is looking down at a piece of paper she is holding. The paper has a heart drawn on it. She is holding a small object in her other hand.

Witch: "The world said love passes."

The witch is pouring a dark, viscous liquid from a small bottle into a large, ornate metal bowl. The liquid is dripping with dark, gothic patterns. A single candle is lit on the floor next to the bowl.

Witch: "So I will prove that love breaks everyone."

A large, ornate metal bowl filled with a dark, bubbling liquid. The liquid is dark blue and black, with many bubbles rising to the surface. The bowl is surrounded by dark, gothic patterns and a red, glowing light.

KLOK... KLOK...

Witch: "Humans call themselves faithful until it hurts."

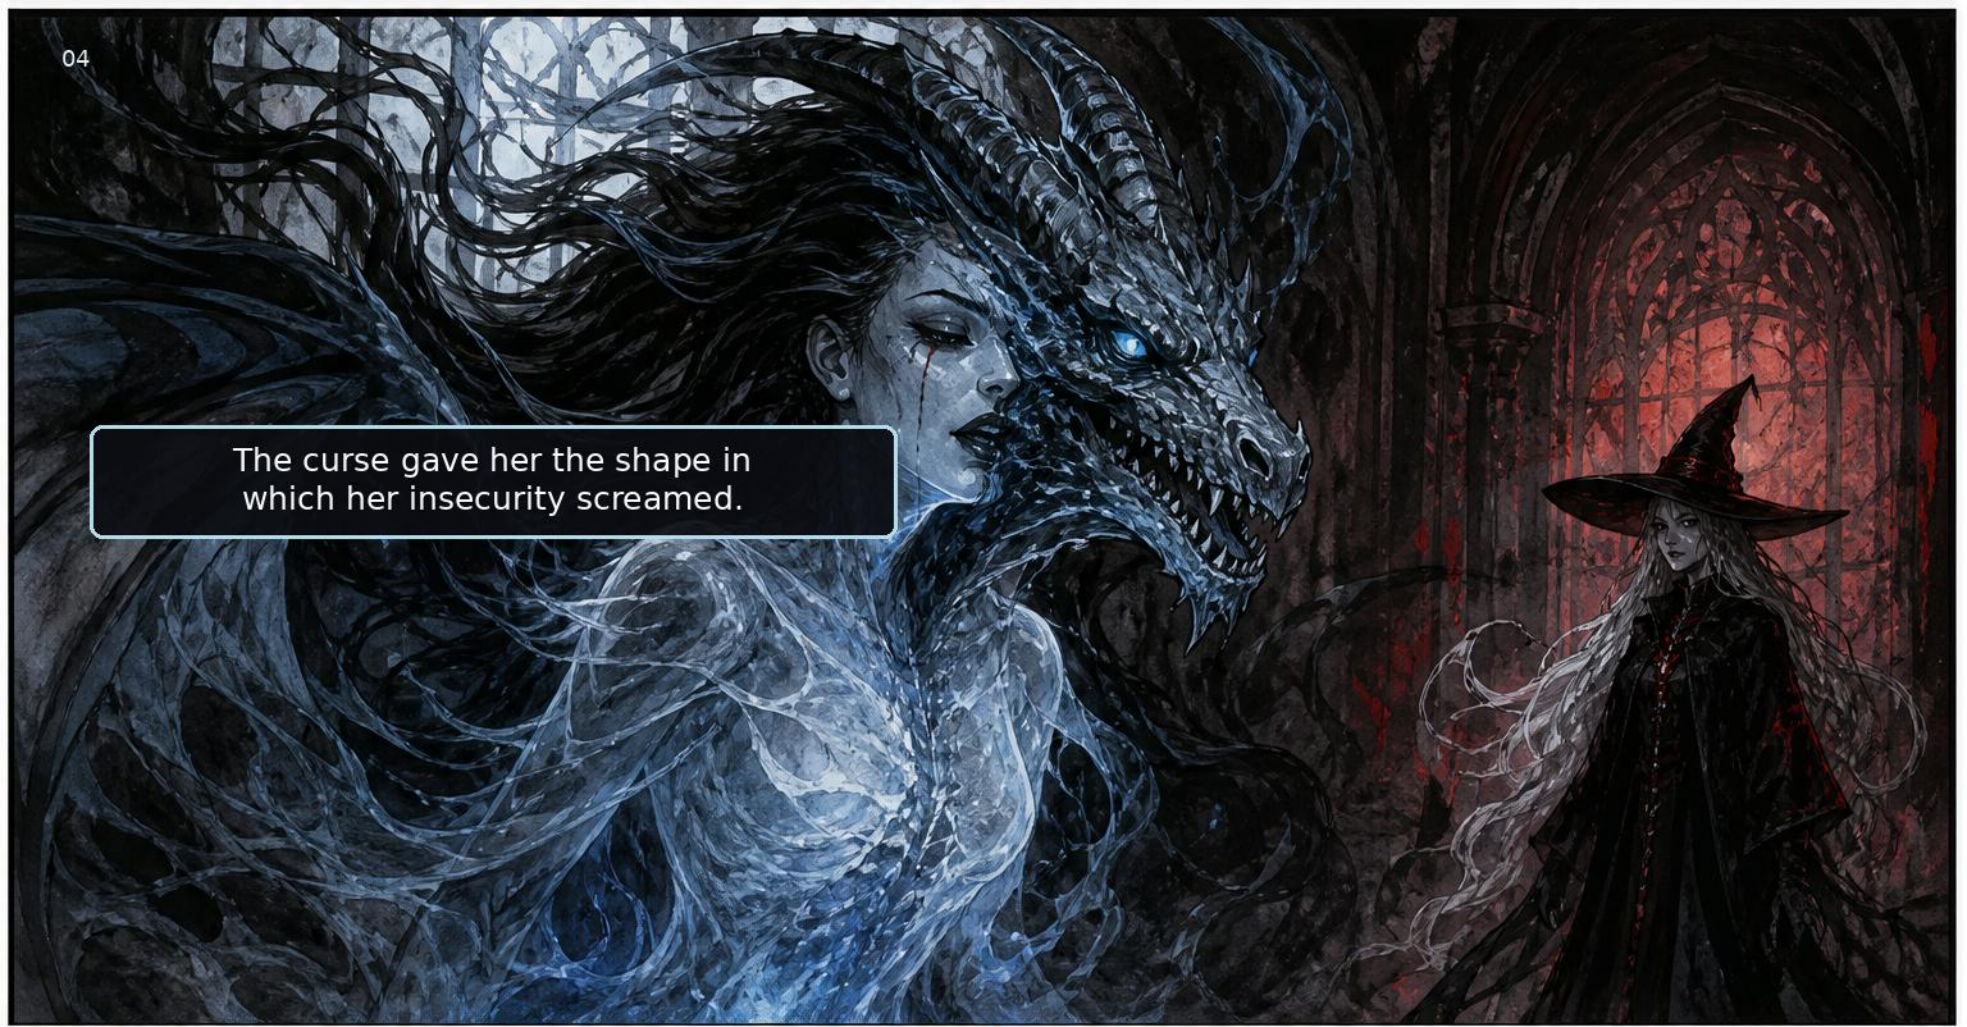

Angel Eye: "What do you want from me?"

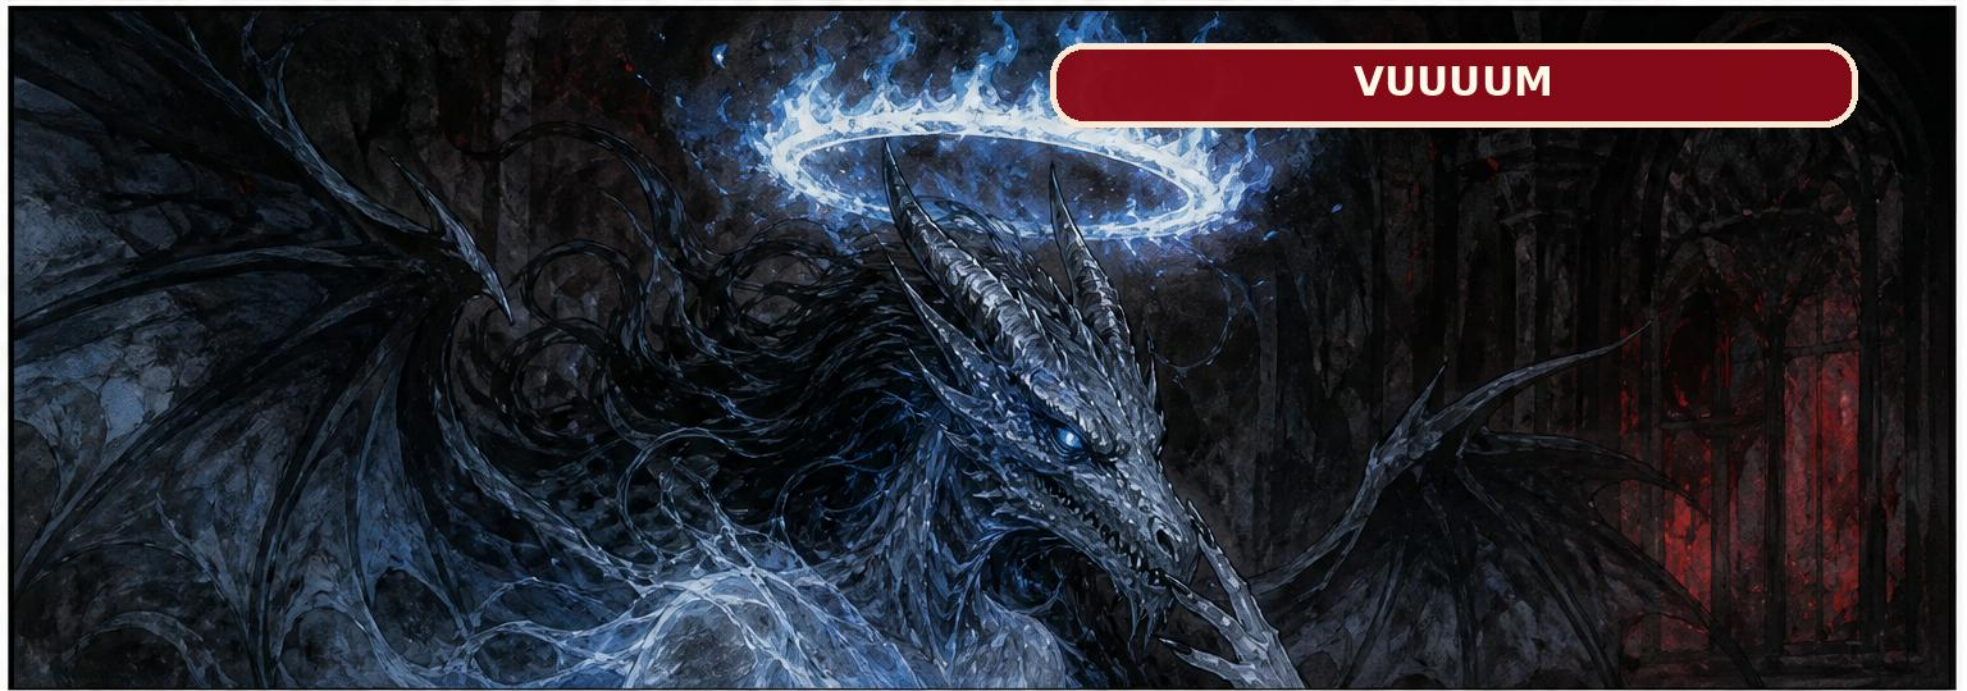

Witch: "An answer."

KRAKABOOM

The curse gave her the shape in which her insecurity screamed.

VUUUUM

Angel Eye: "No... this isn't me."

Witch: "They all say that."

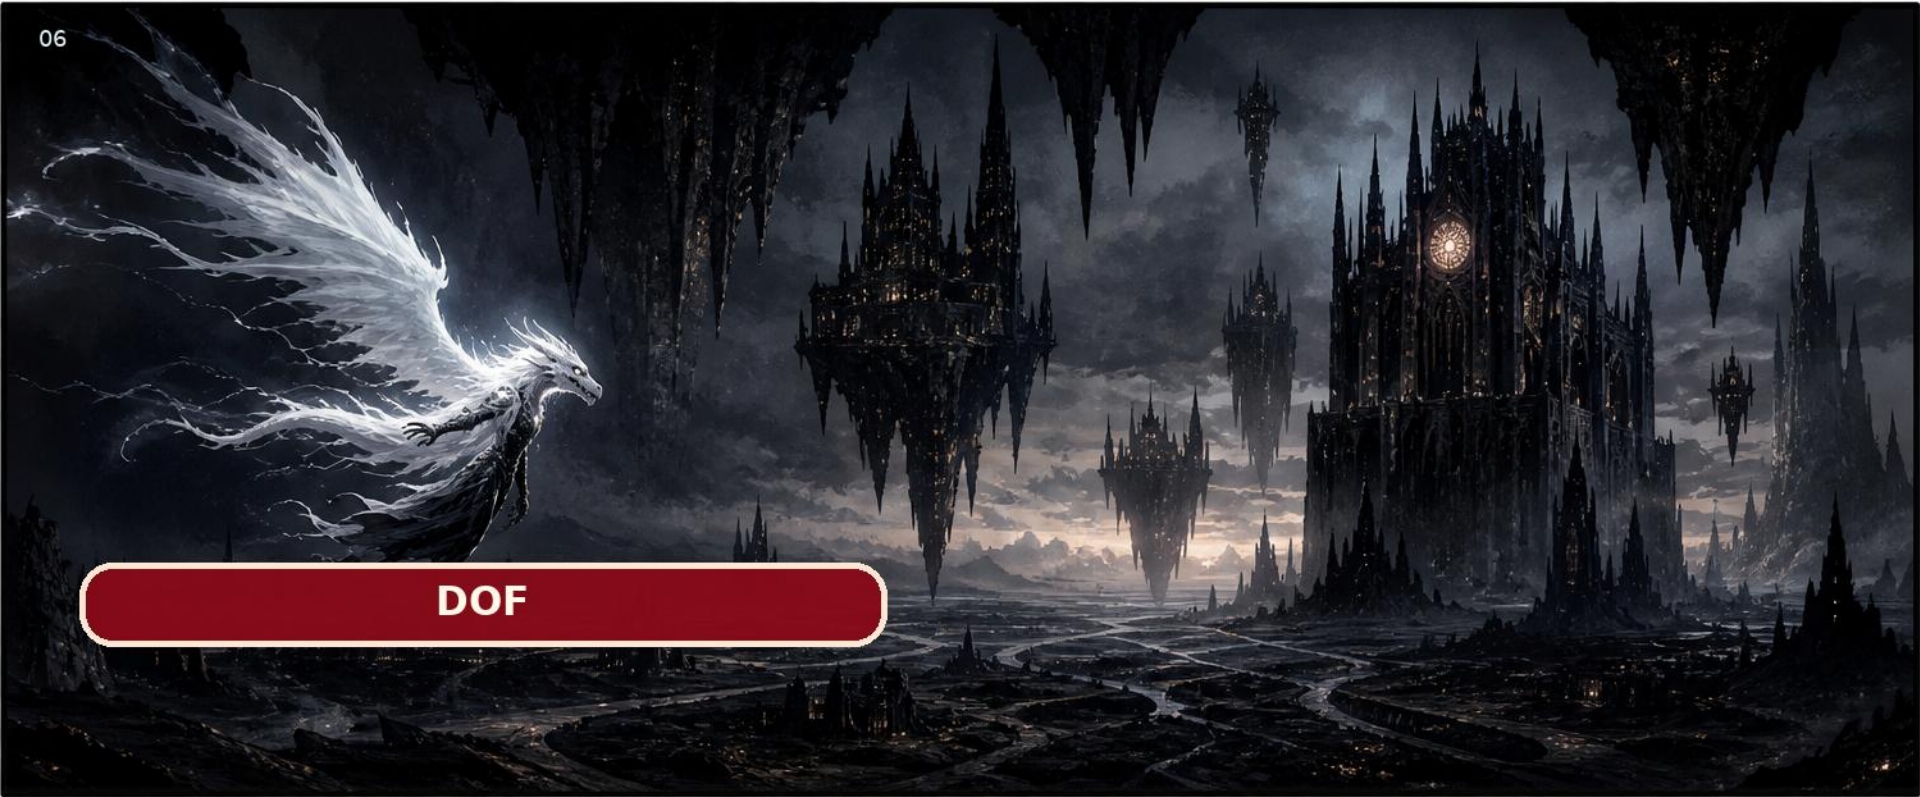

One second on Earth. Twenty years in the Shadow.

Angel Eye: "Take my hand!"

DOF

Cursed: "They're coming back!"

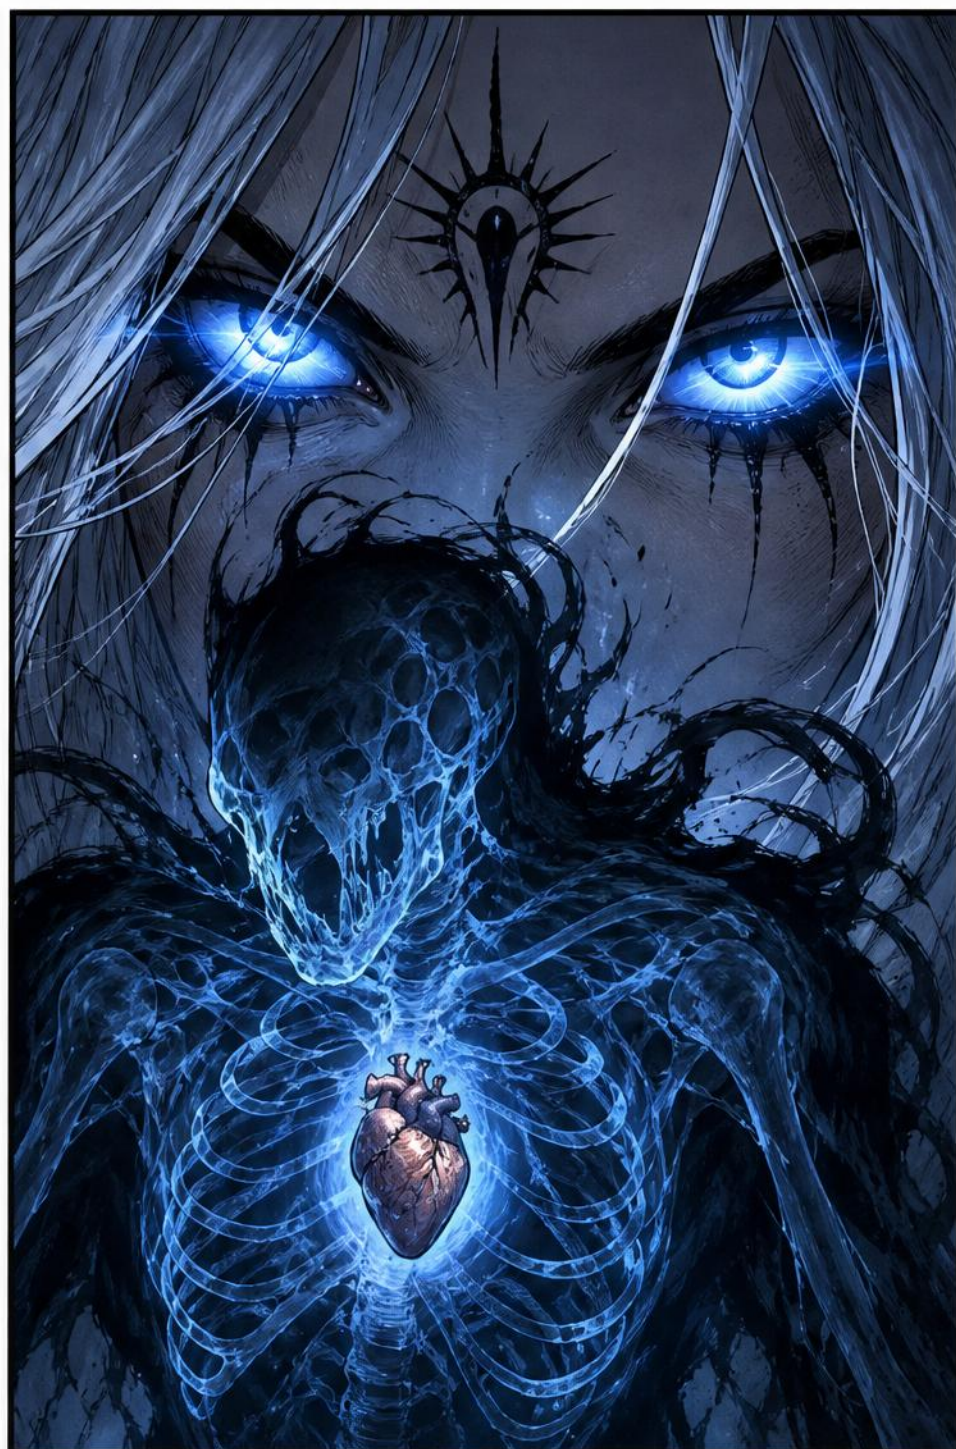

Angel Eye: "Then we stand."

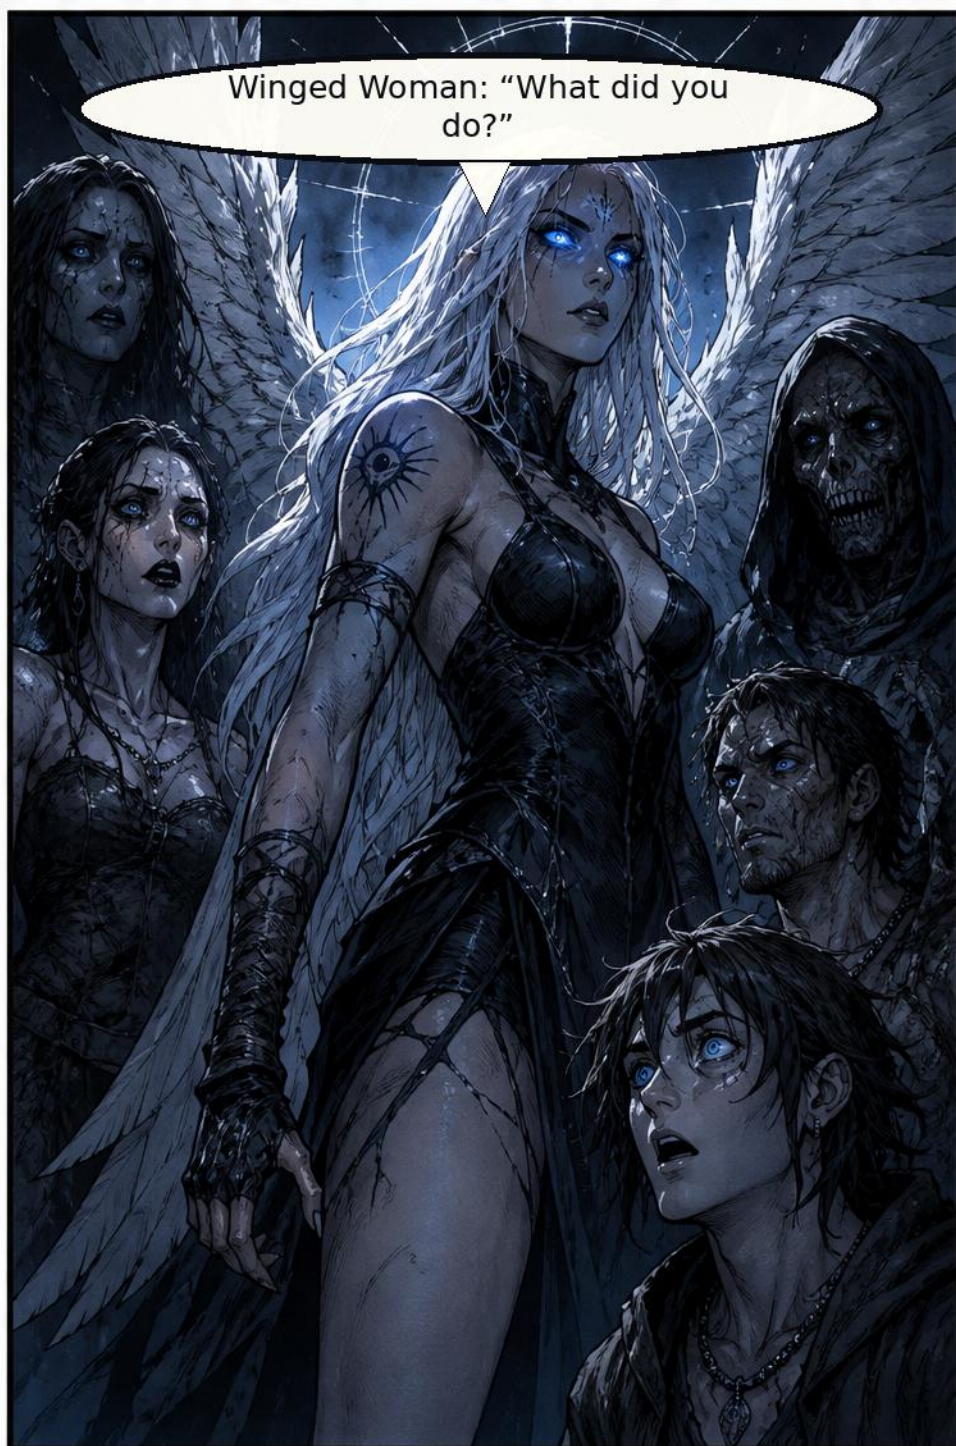

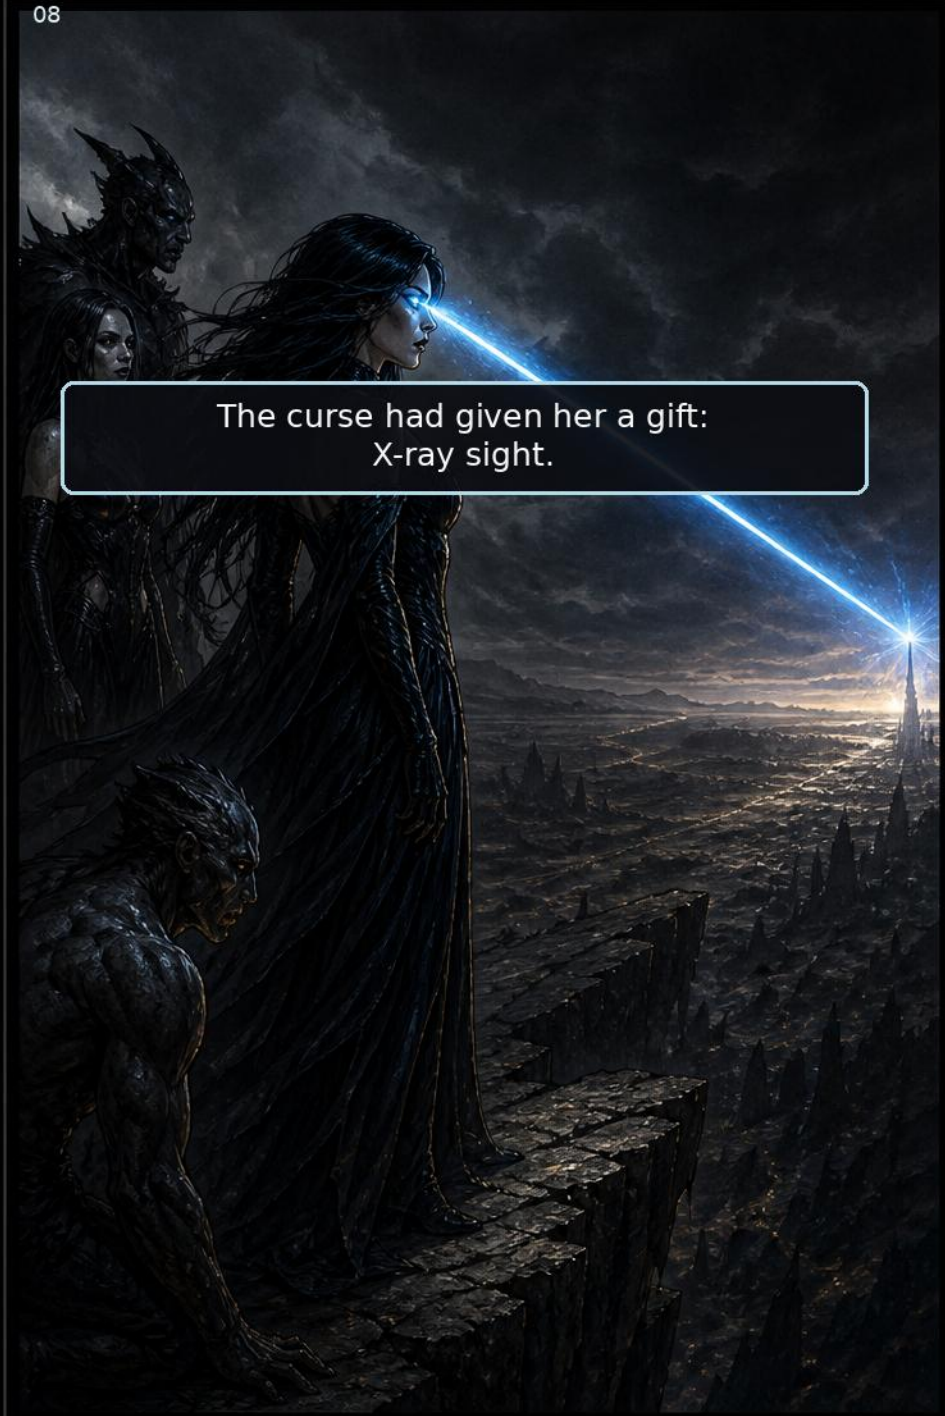

Angel Eye: "You're not empty.
You're afraid."

Angel Eye: "I looked."

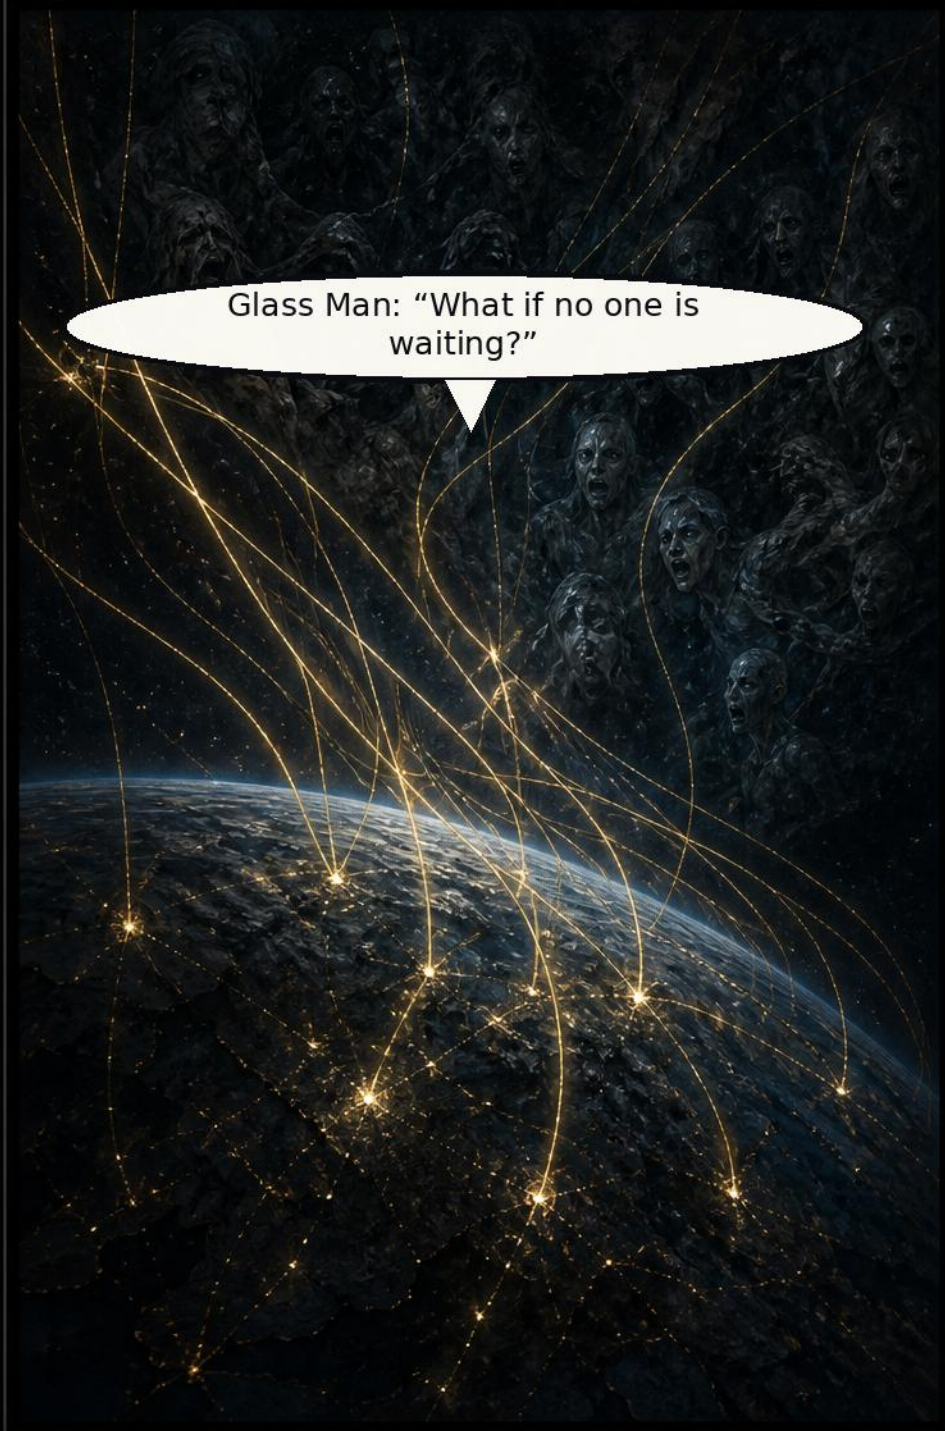

Winged Woman: "What did you
do?"

The curse had given her a gift:
X-ray sight.

Angel Eye: "Every thread leads
to someone still waiting."

Glass Man: "What if no one is
waiting?"

Angel Eye: "Then we search
longer."

Mara: "I'm looking for Elias.
He promised he'd come back."

A close-up of two characters in a dark, cavernous setting. On the left, a figure with long, flowing white hair and a glowing golden halo (Angel Eye) is seen in profile. On the right, a figure with long dark hair, a crown of antlers, and a dark, ornate dress (Mara) looks towards the first figure. The background is a dark, rocky cave with some light filtering in from above.

Angel Eye: "Your thread is
still warm."

A scene showing the two characters on a dark, rocky cliff. The character with the glowing golden halo (Angel Eye) is on the left, looking up at the other character. The character with the antler crown (Mara) is on the right, looking down. A large, glowing golden thread or path of light curves across the cliff face between them. The background is a dark, mountainous landscape under a cloudy sky.

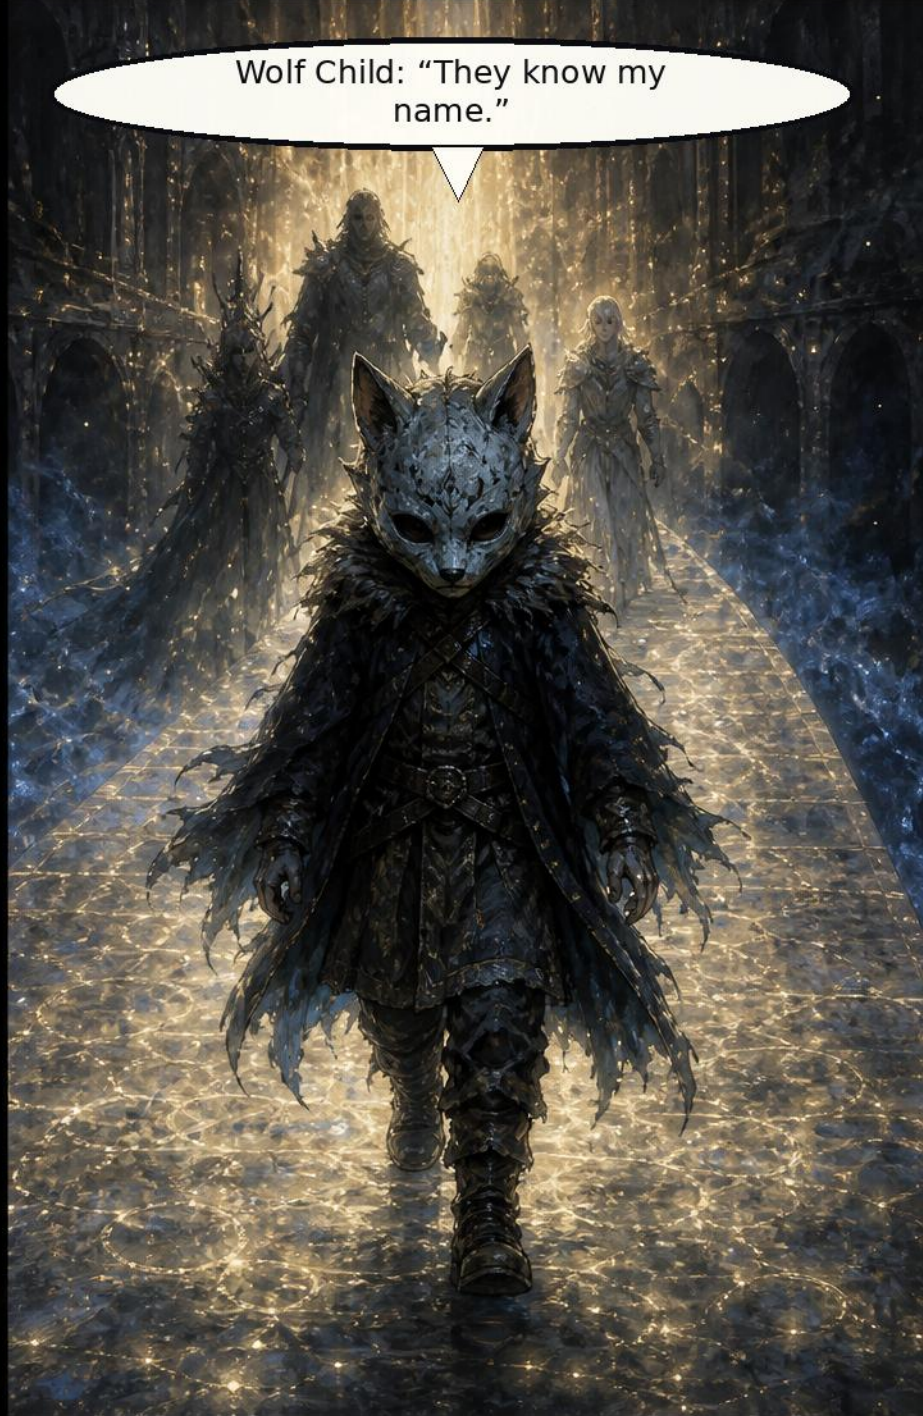

Angel Eye: "Follow me."

Voices: "Let go... forget... sleep..."

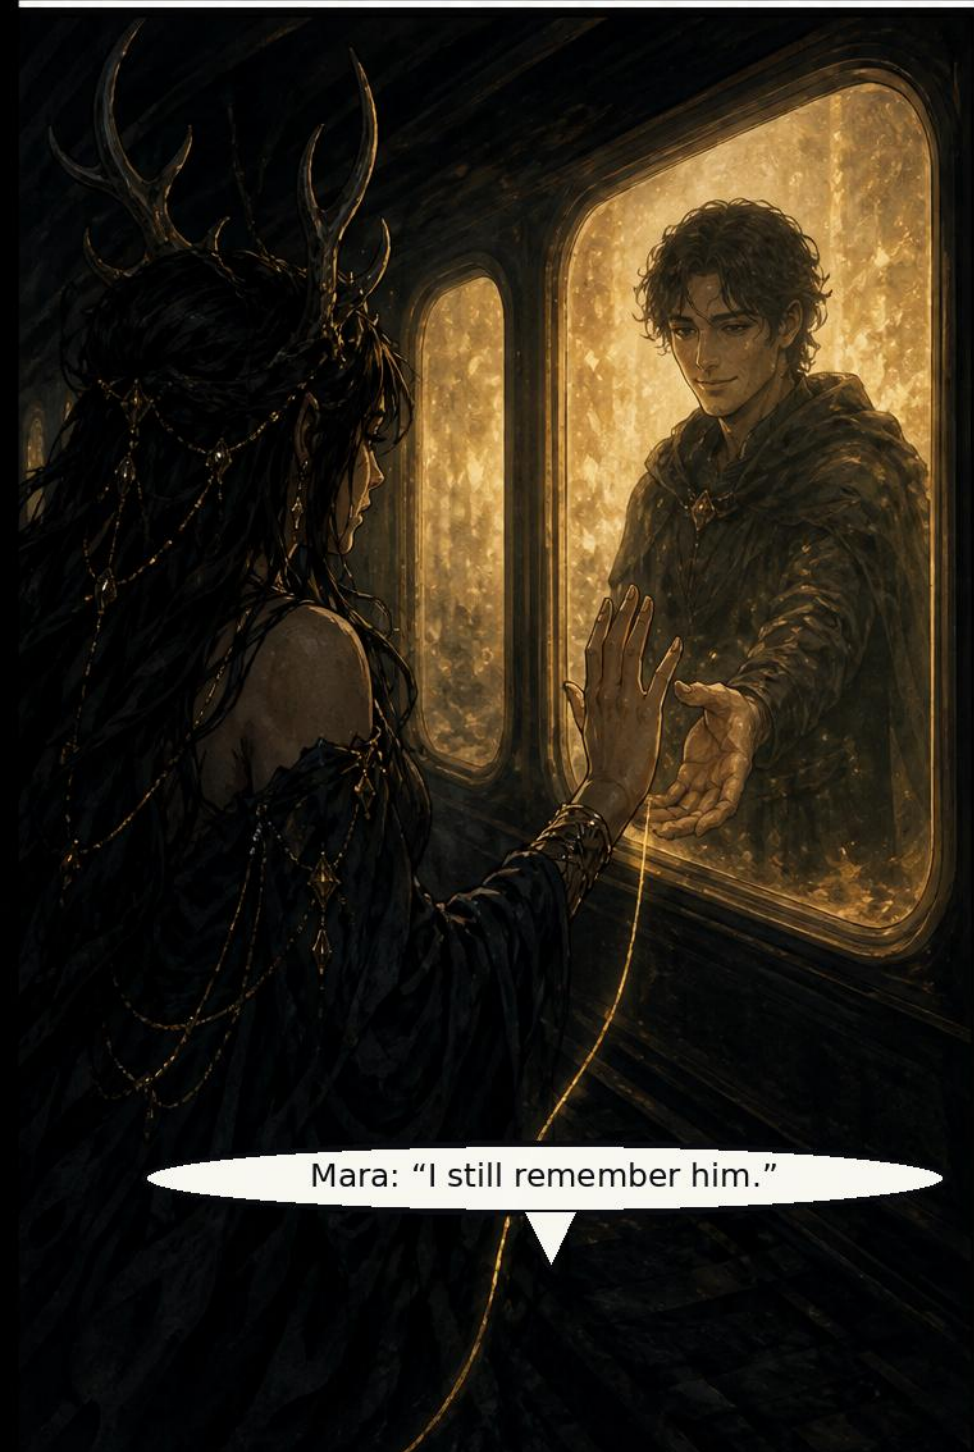

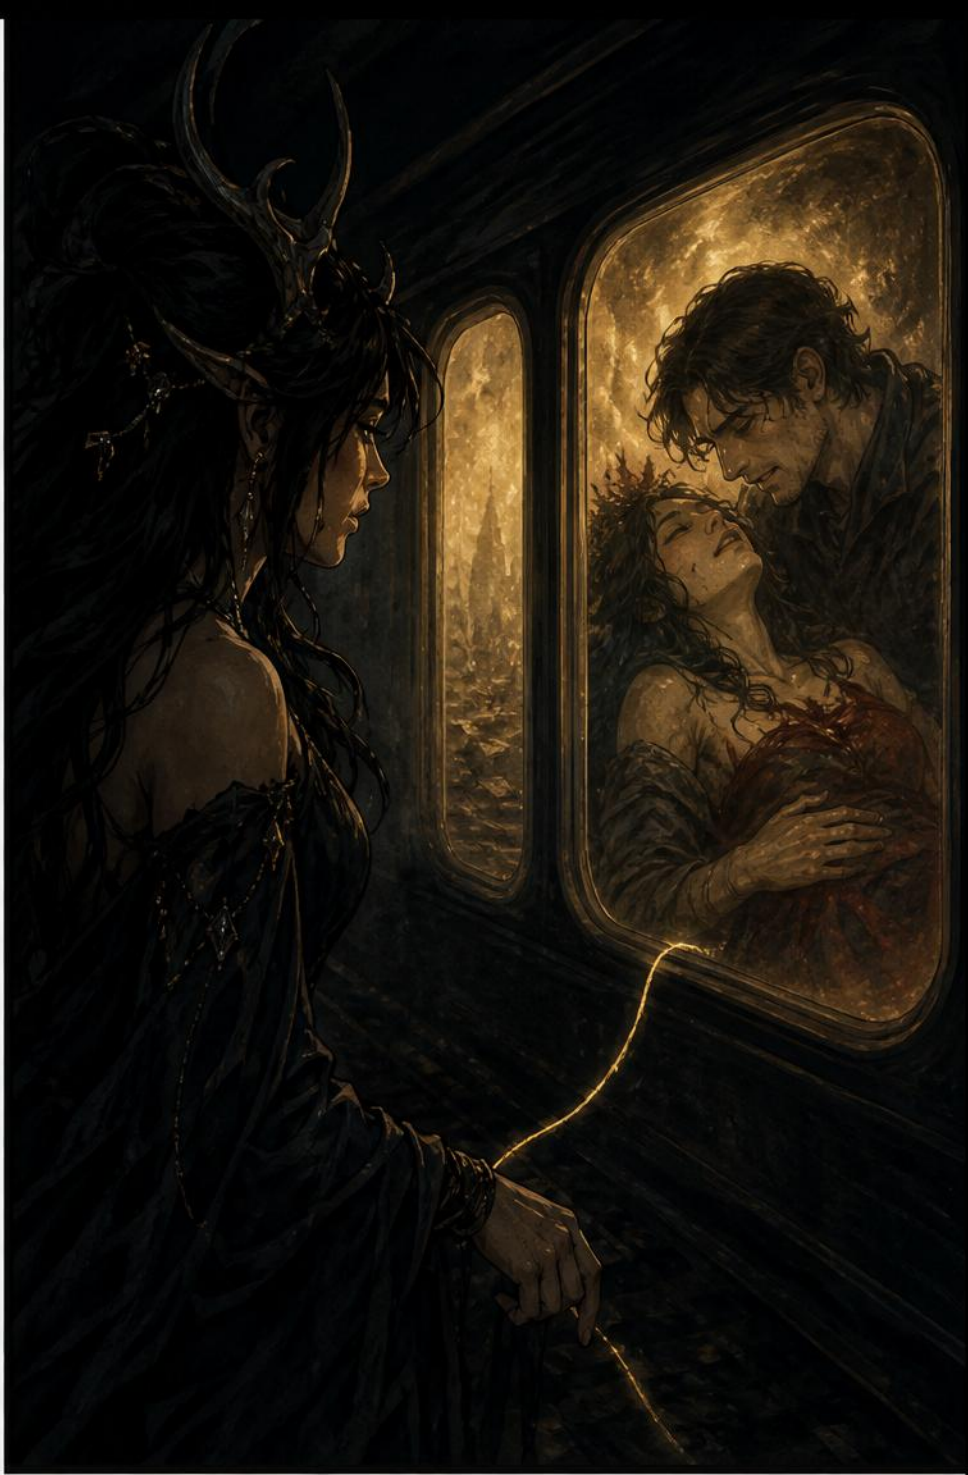

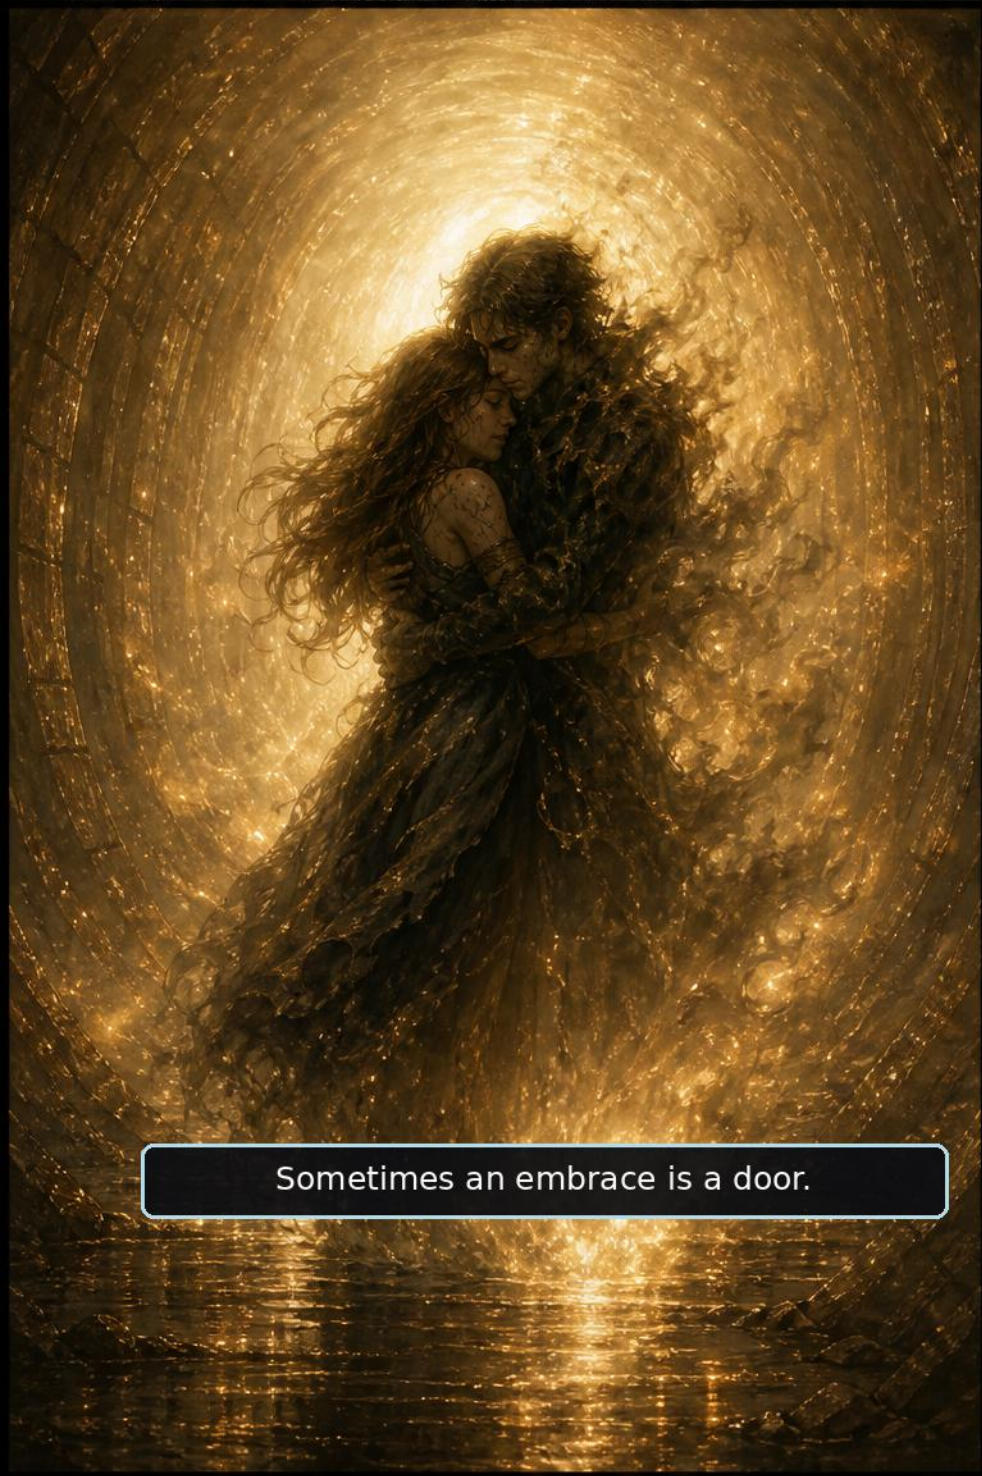

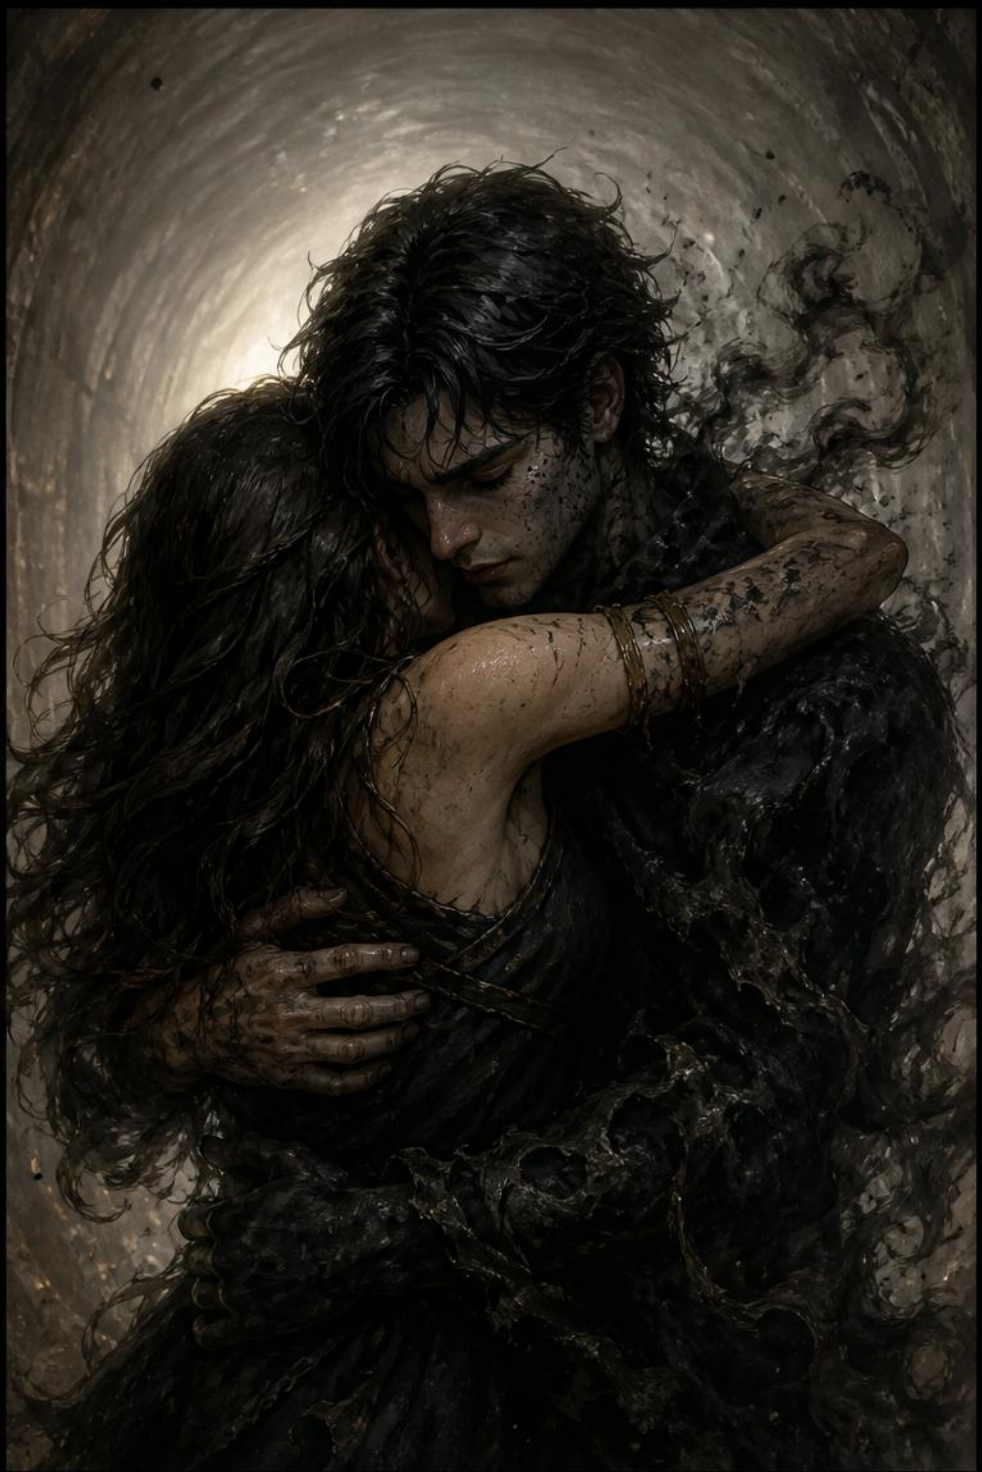

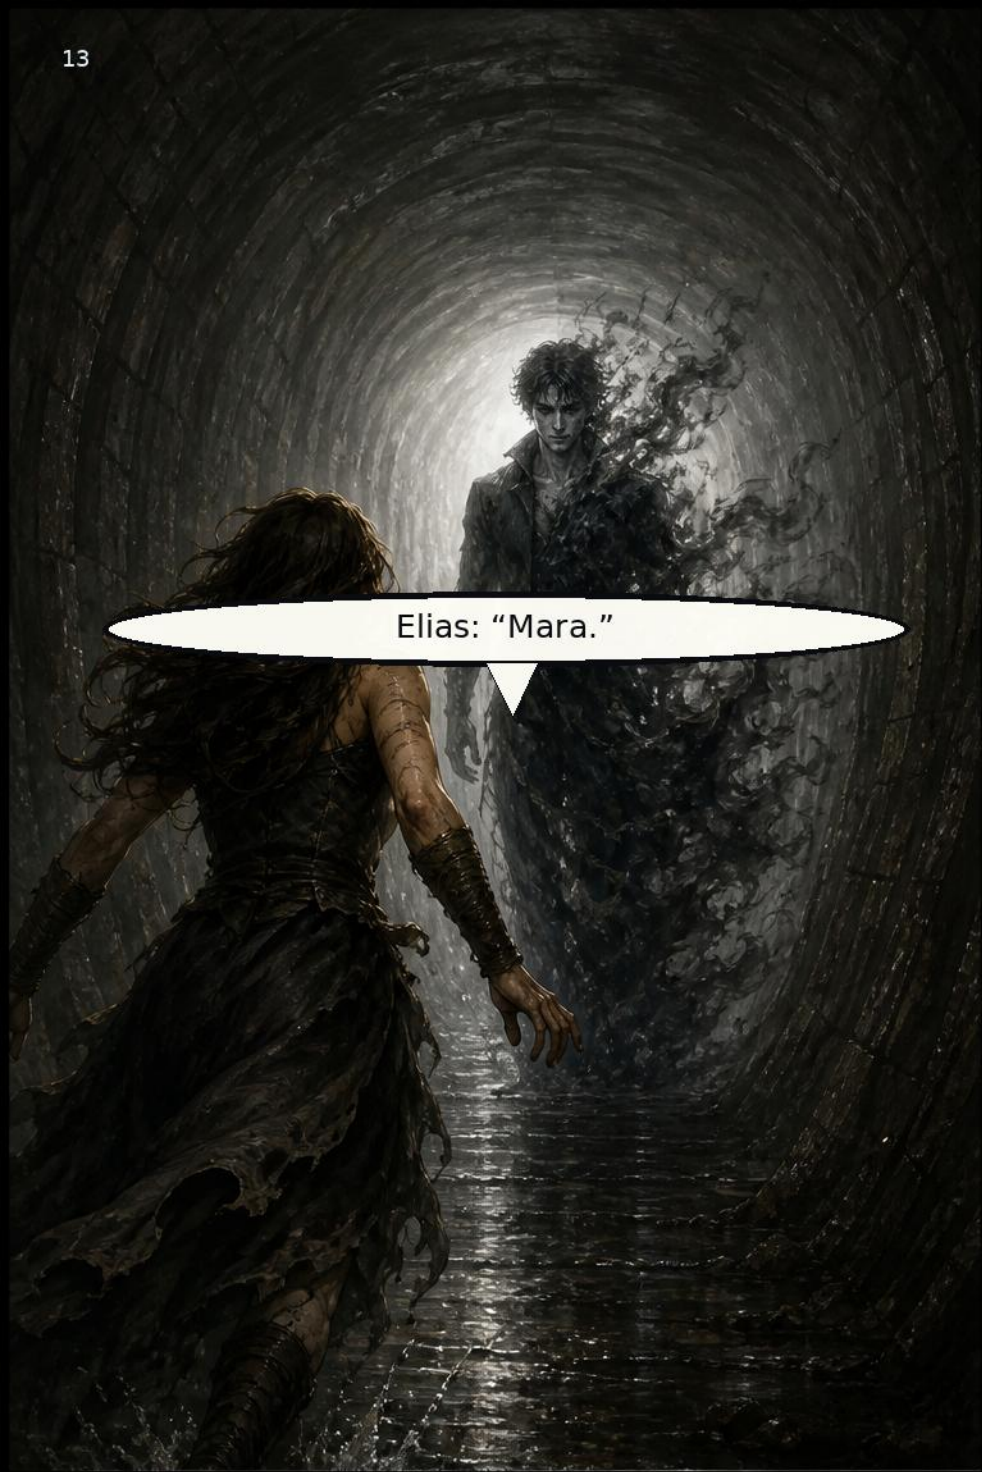

Angel Eye: "Then we give them another name: the past."

Wolf Child: "They know my name."

WHOOOM

Winged Woman: "They're free."

Angel Eye: "Not free.
Remembered."

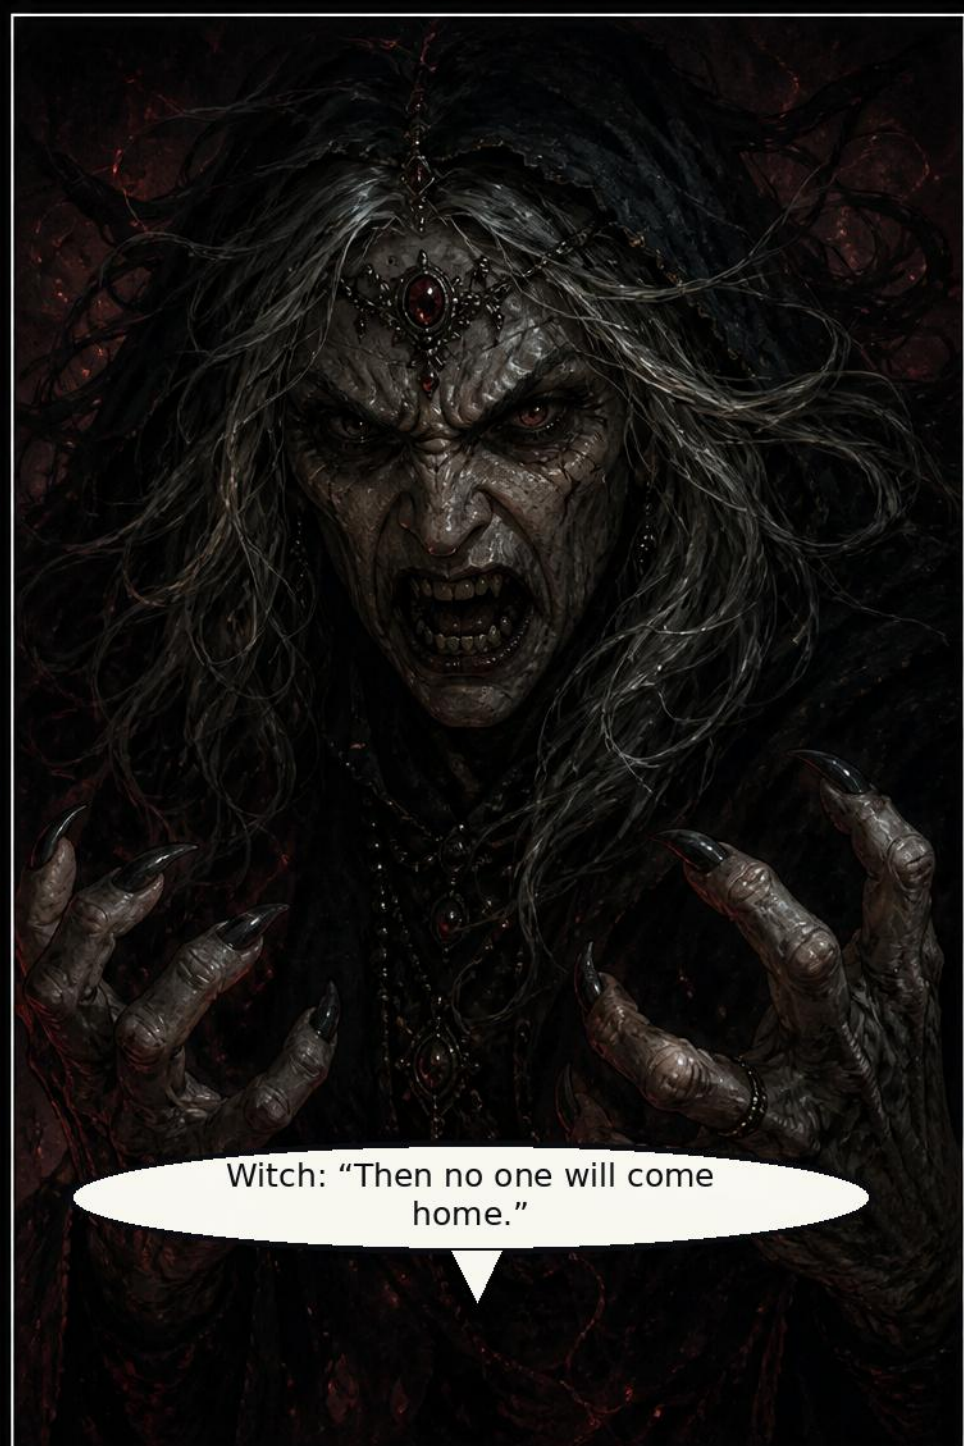

Witch: "No."

Witch: "Love is supposed to hurt!"

Witch: "You're gone."

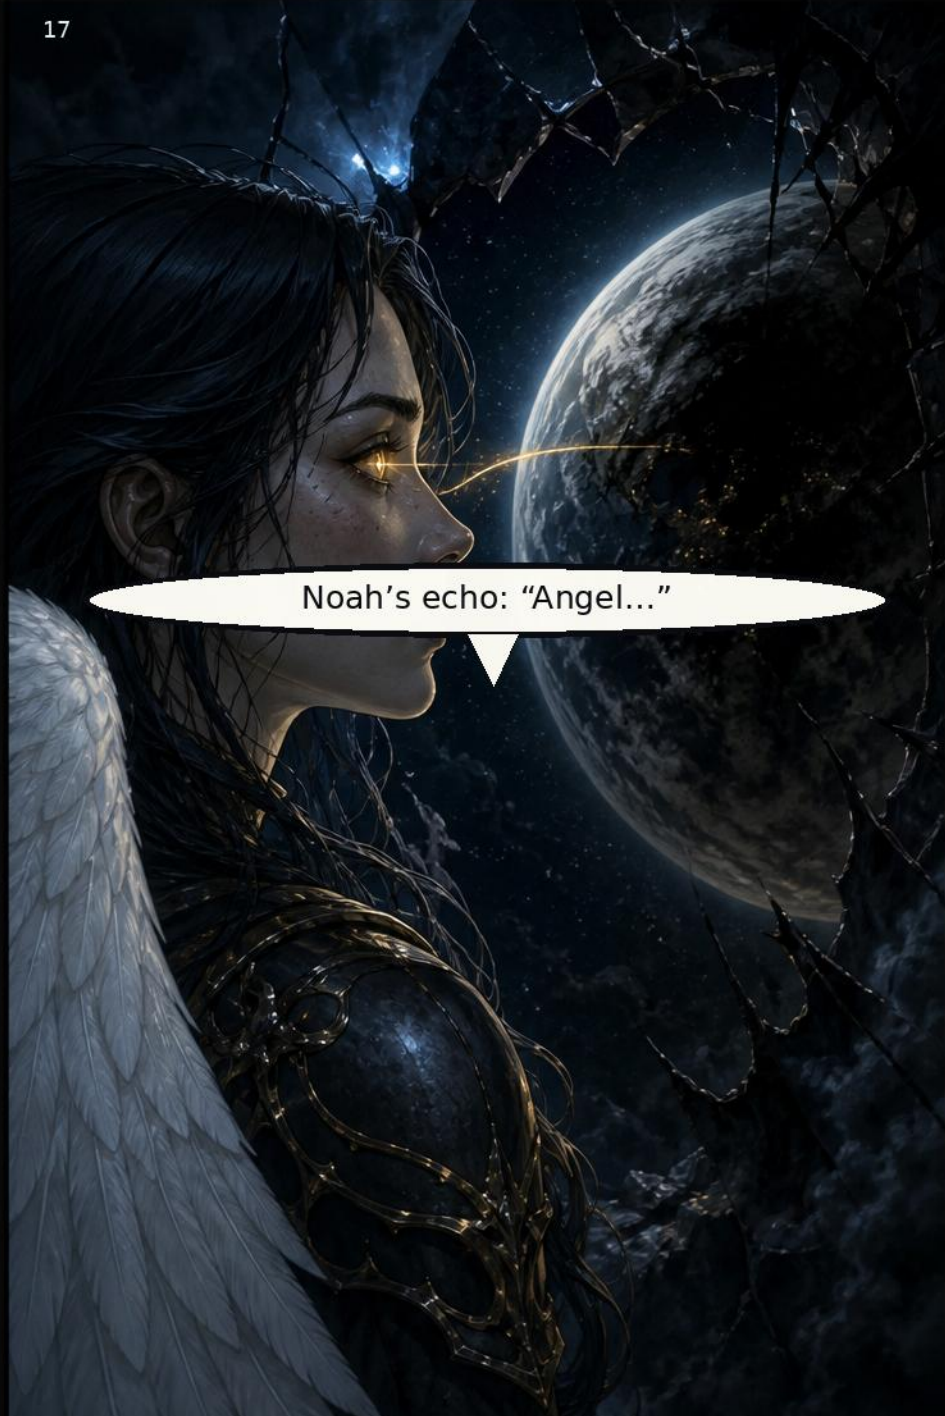

Witch: "Then no one will come home."

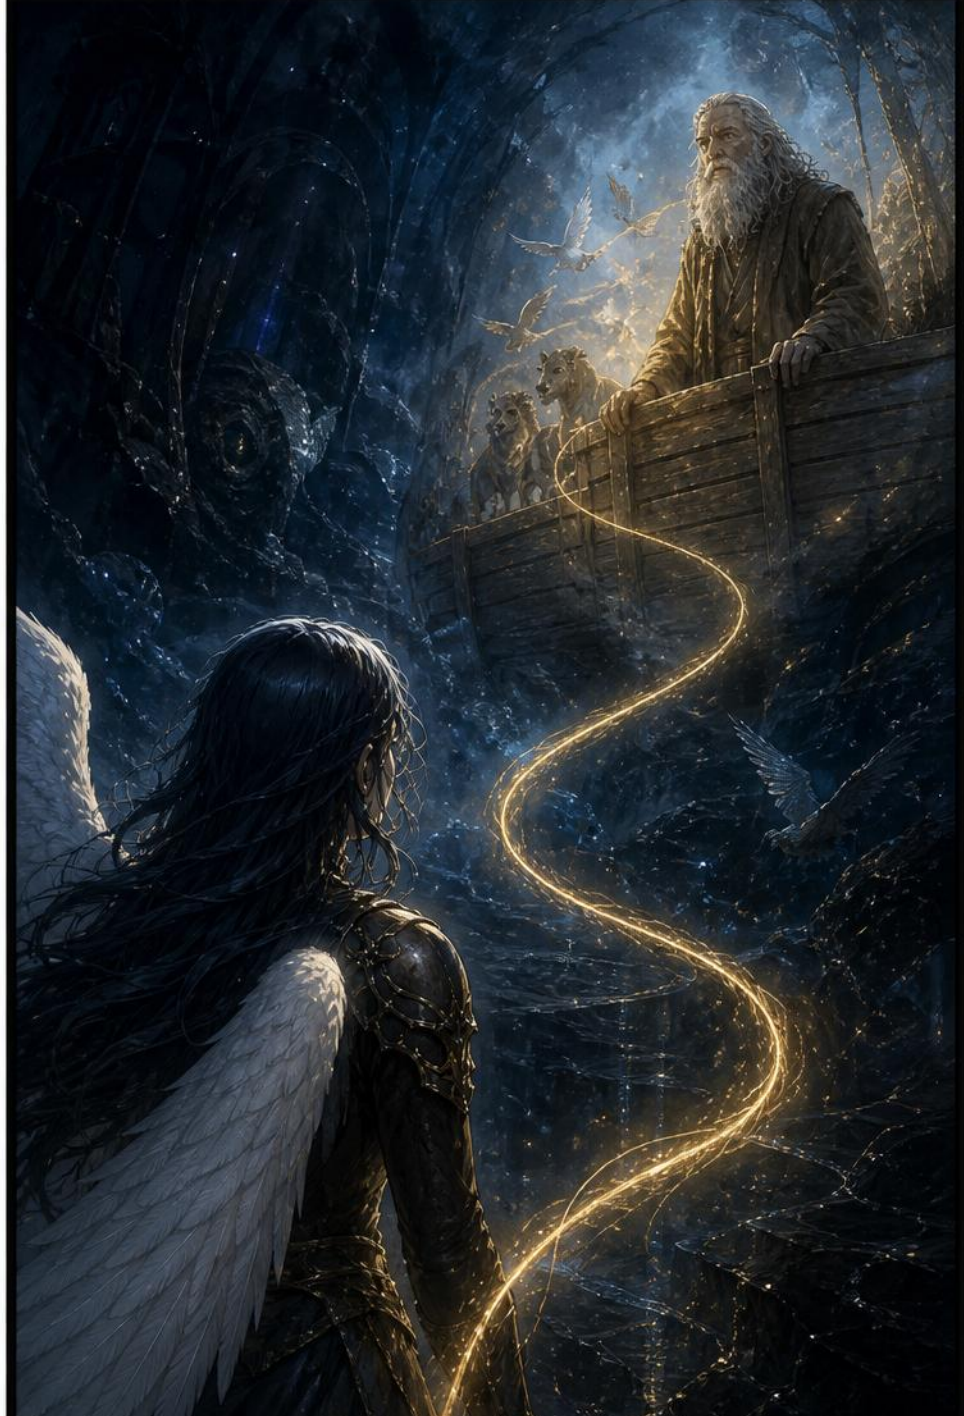

BOOGEDY... BOOGEDY...

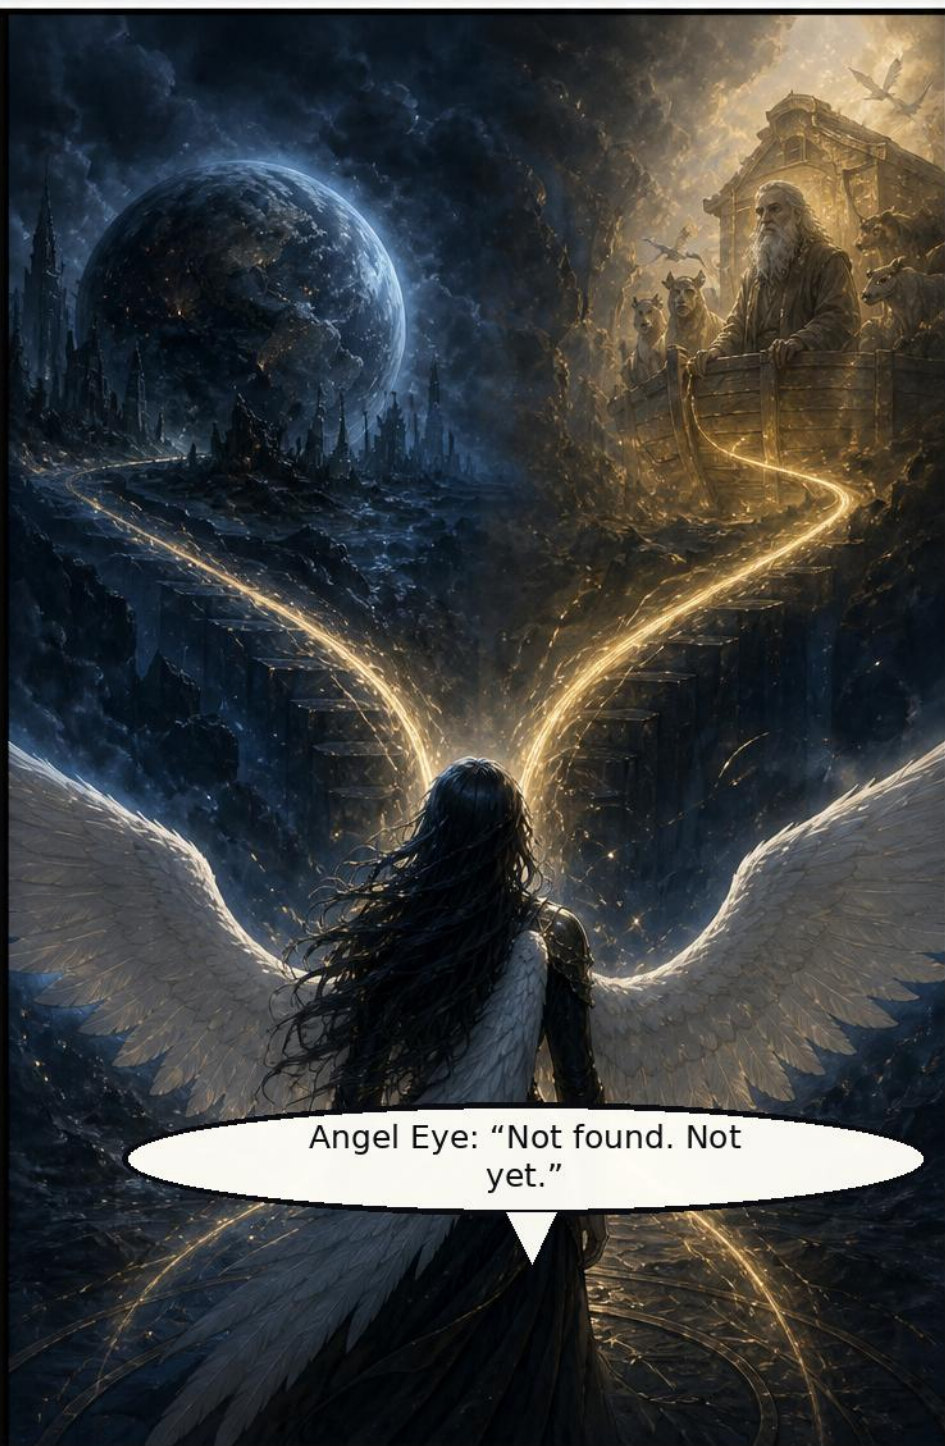

The invasion began with a sound
no one could forget.

Noah's echo: "Angel..."

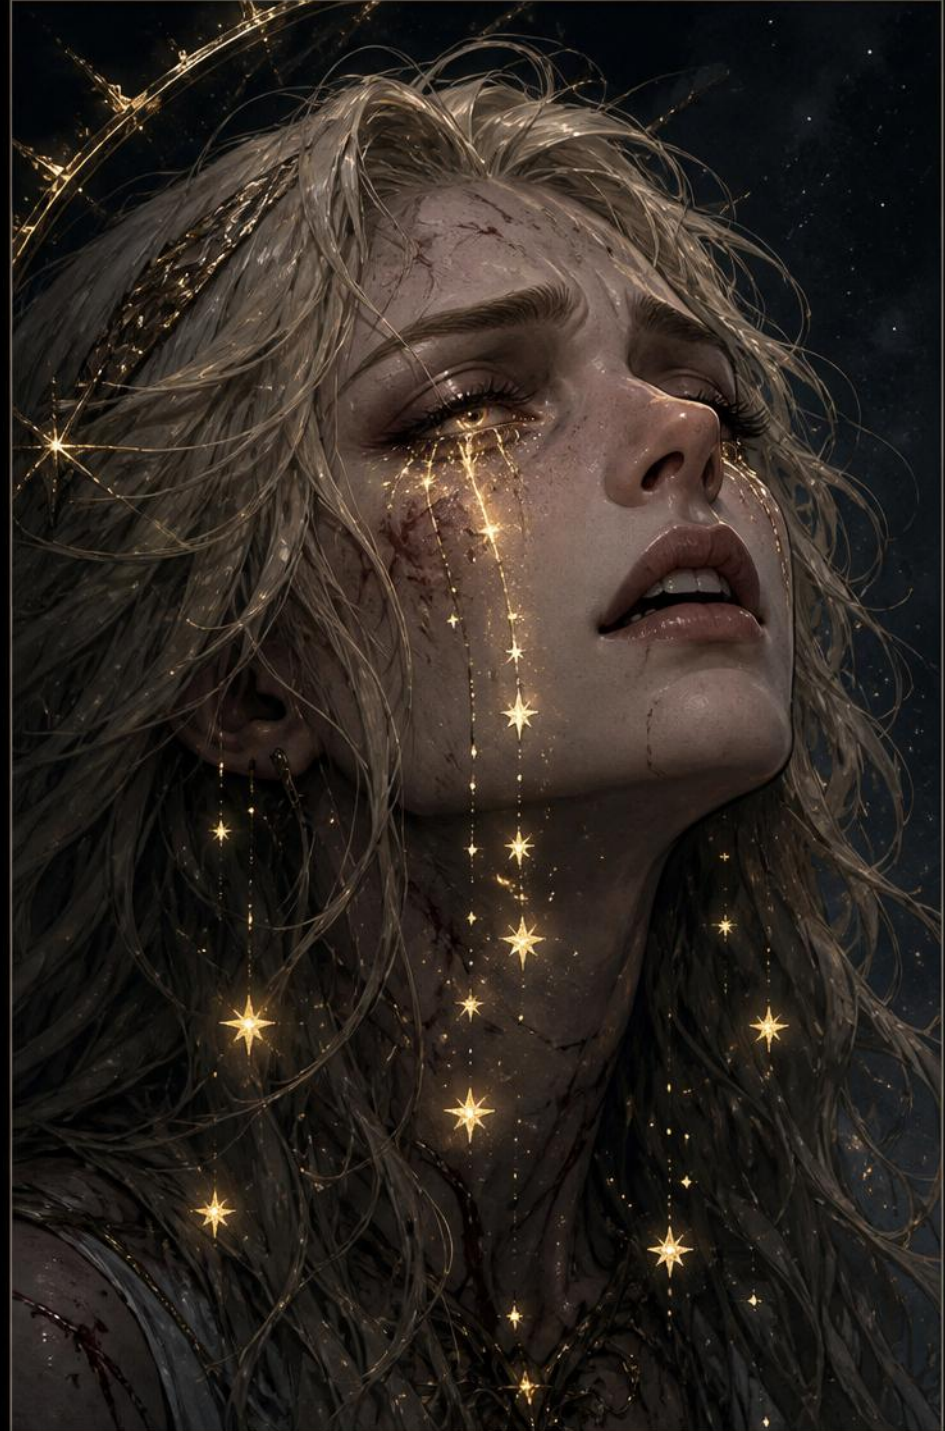

Winged Woman: "You found him."

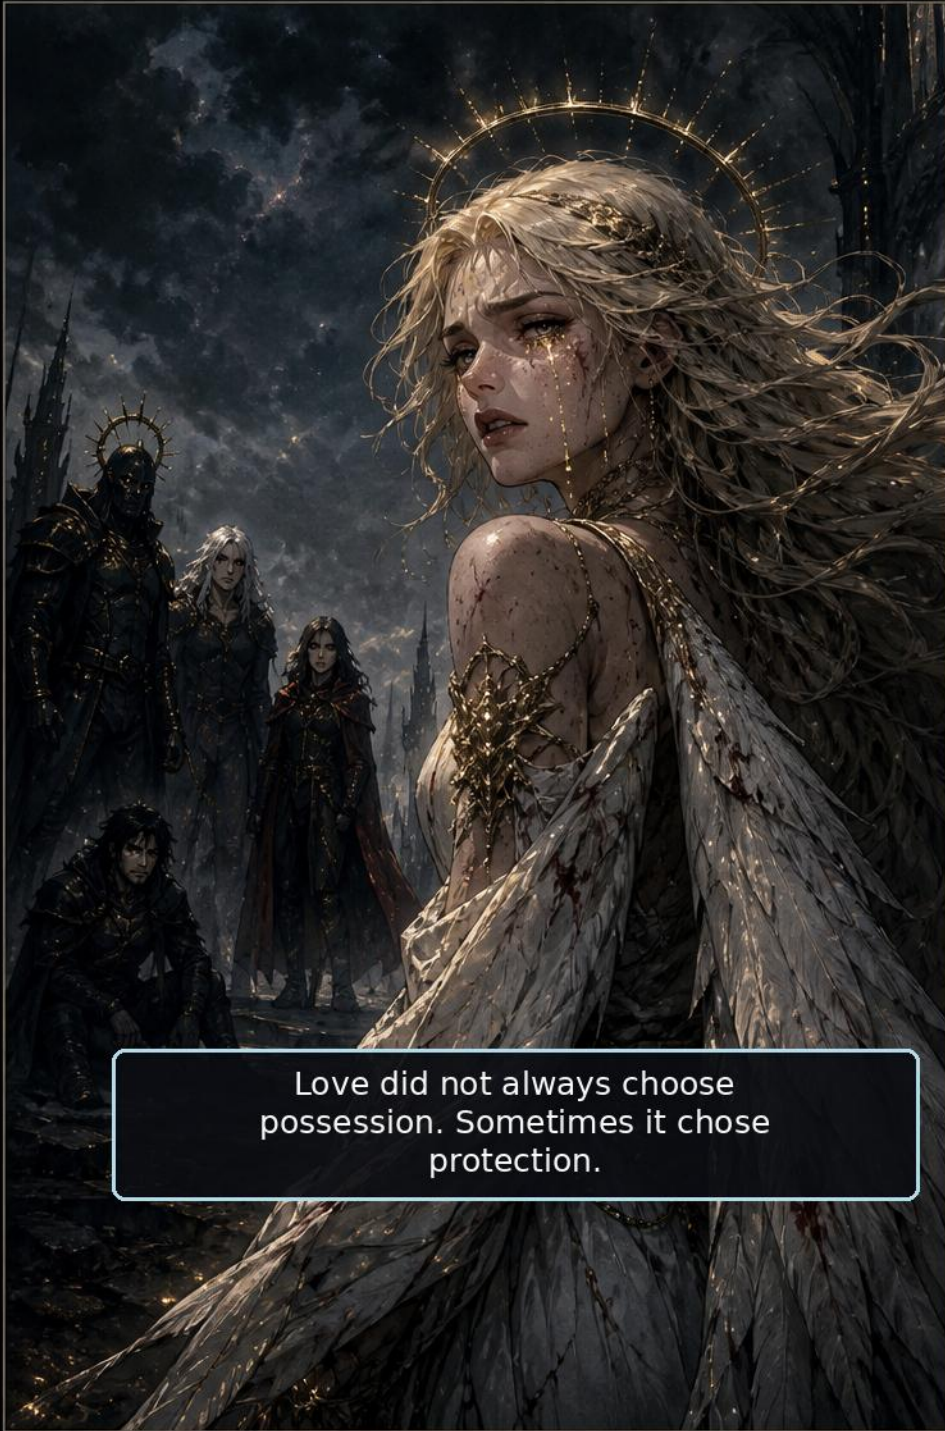

Angel Eye: "Not found. Not yet."

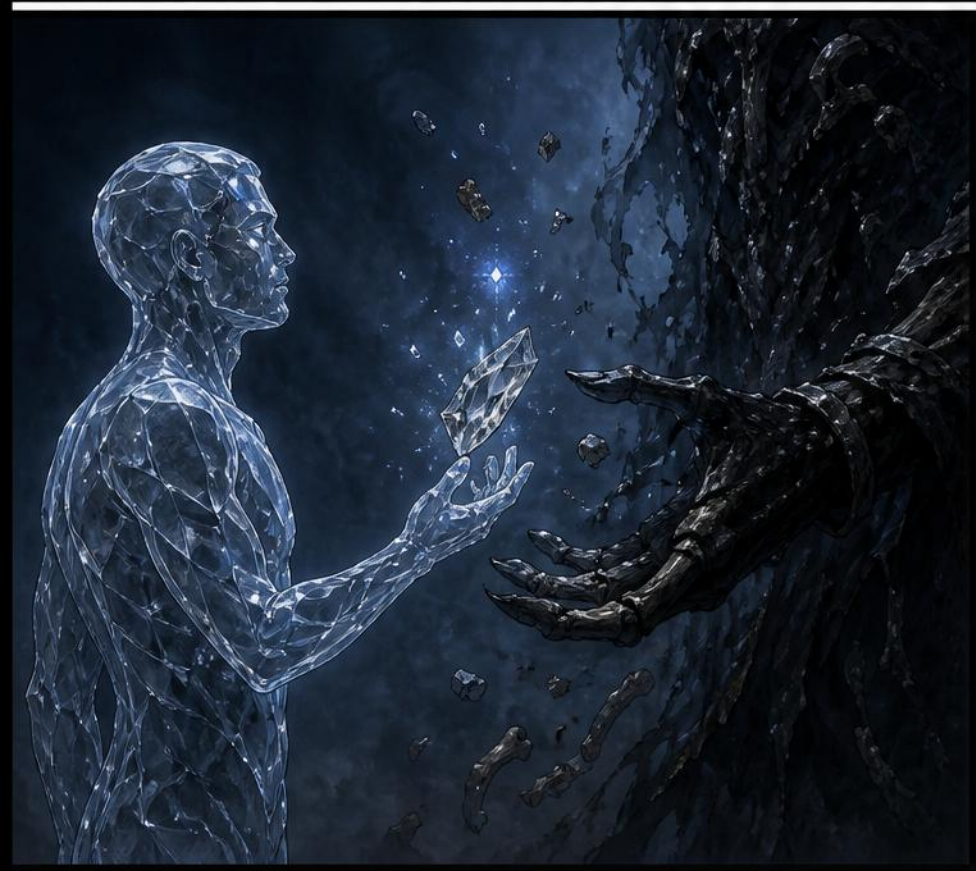

Angel Eye: "If I follow him now, everyone dies."

Angel Eye: "We're going to Earth."

Love did not always choose possession. Sometimes it chose protection.

Angel Eye: "I'm too late."

Wolf Child: "But you came."

Angel Eye: "Under its third mouth!"

SPLAT

Girl: "Are you a monster?"

Angel Eye: "Sometimes. But today I'm here to take you home."

Every love she rescued made her stronger.

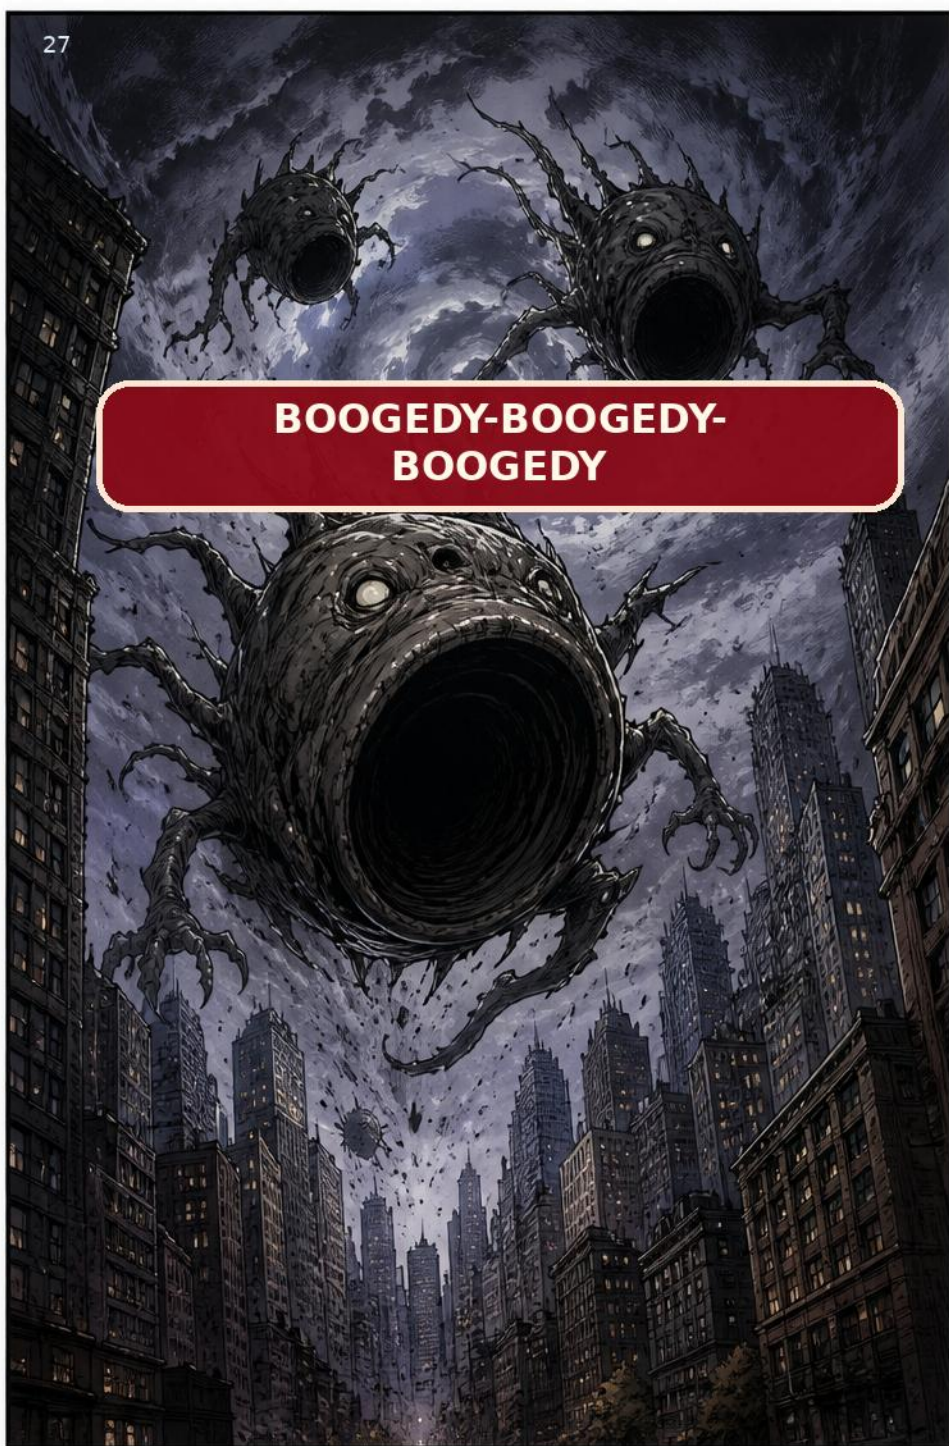

Witch: "You choose them over him."

Angel Eye: "I choose that no one dies alone."

**BOOGEDY-BOOGEDY-
BOOGEDY**

Witch: "You understand nothing about loss."

Angel Eye: "I understand that you are hurting."

Witch: "Don't call it pain. Call it justice!"

KRAK

Witch: "Everyone must feel what I felt!"

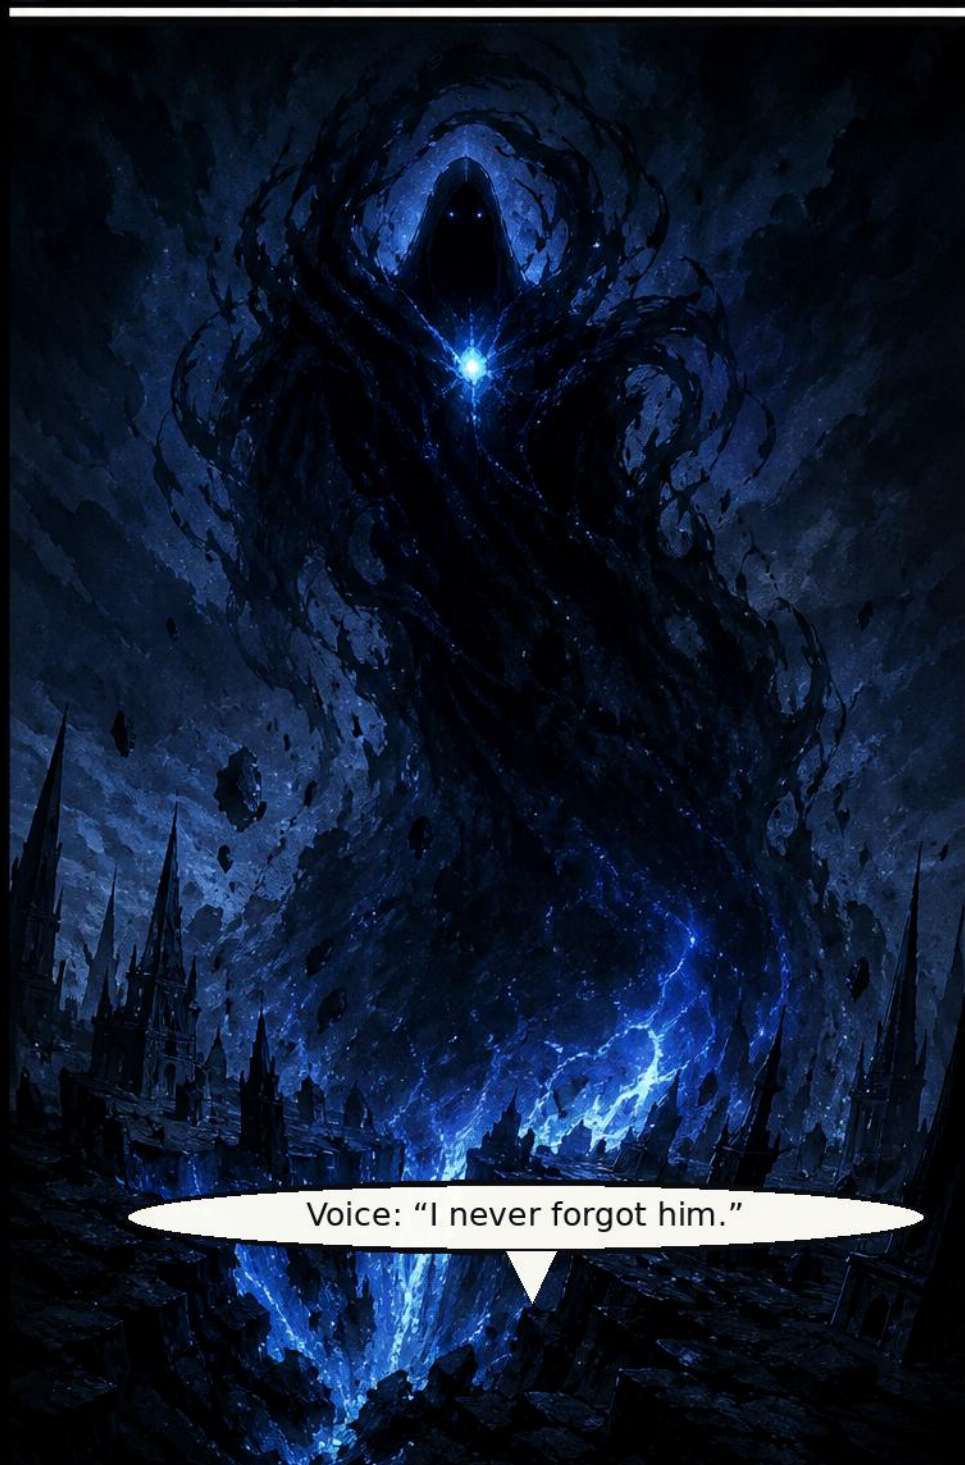

Angel Eye: "No. Everyone must see what you felt."

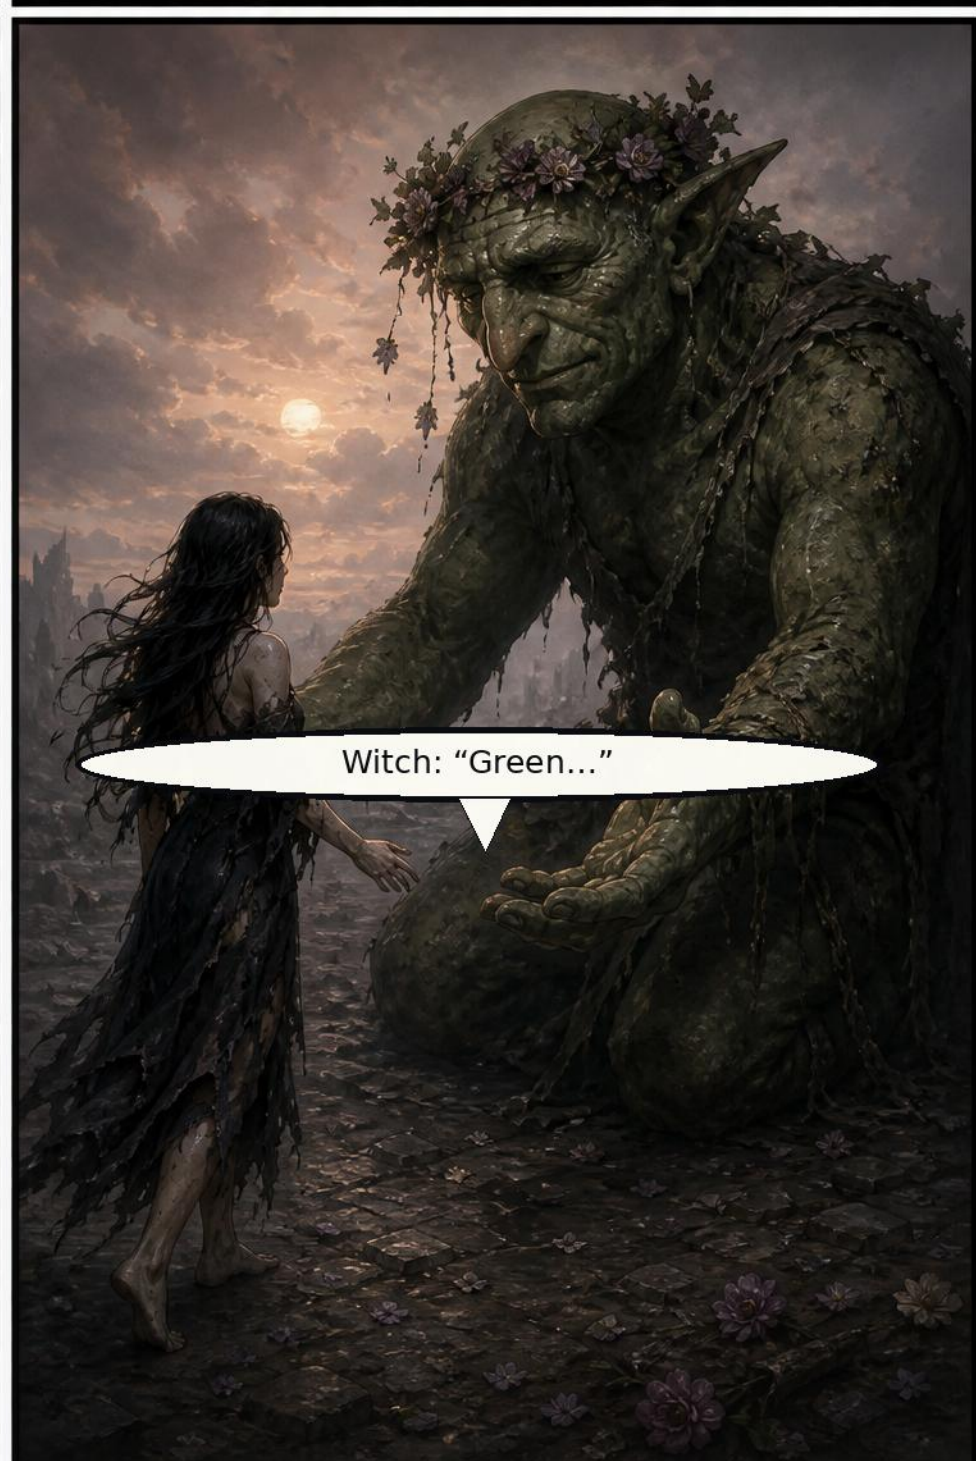

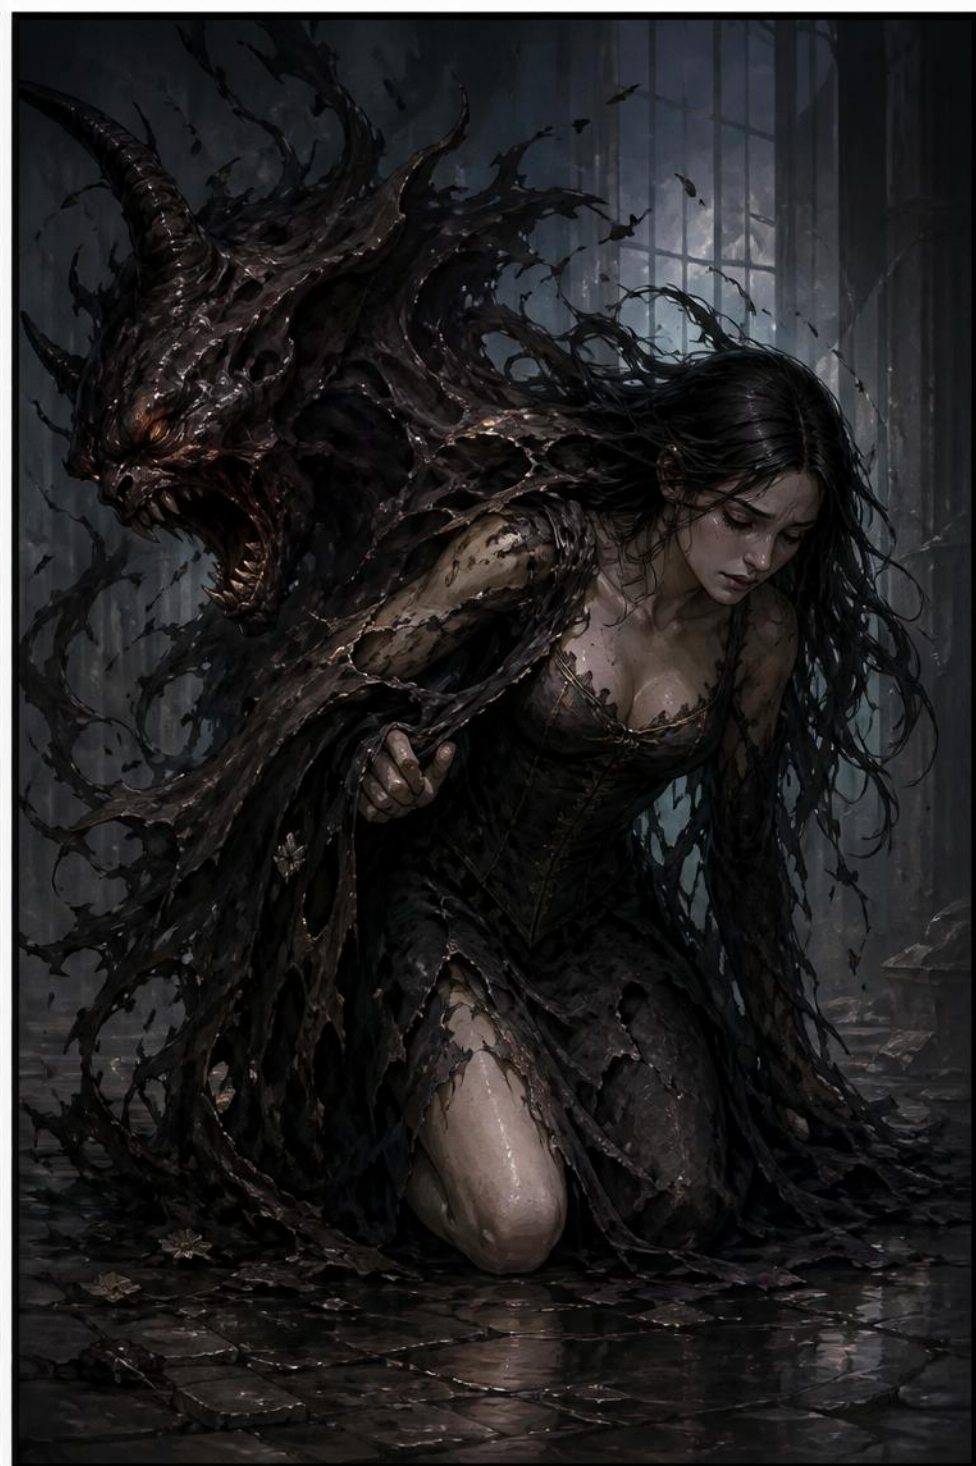

Angel Eye: "Green."

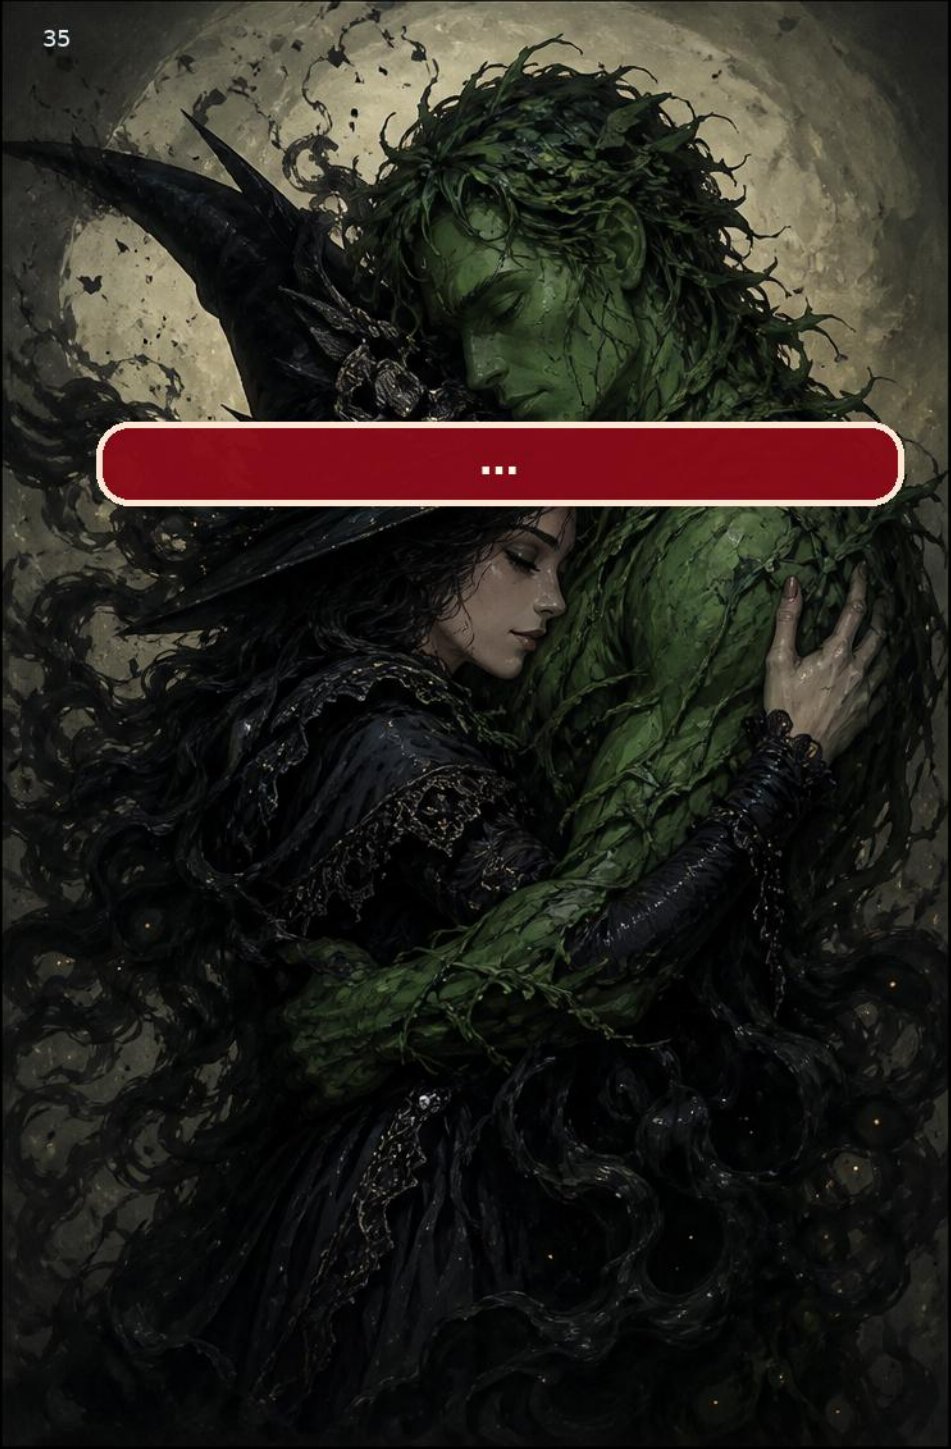

Voice: "I never forgot him."

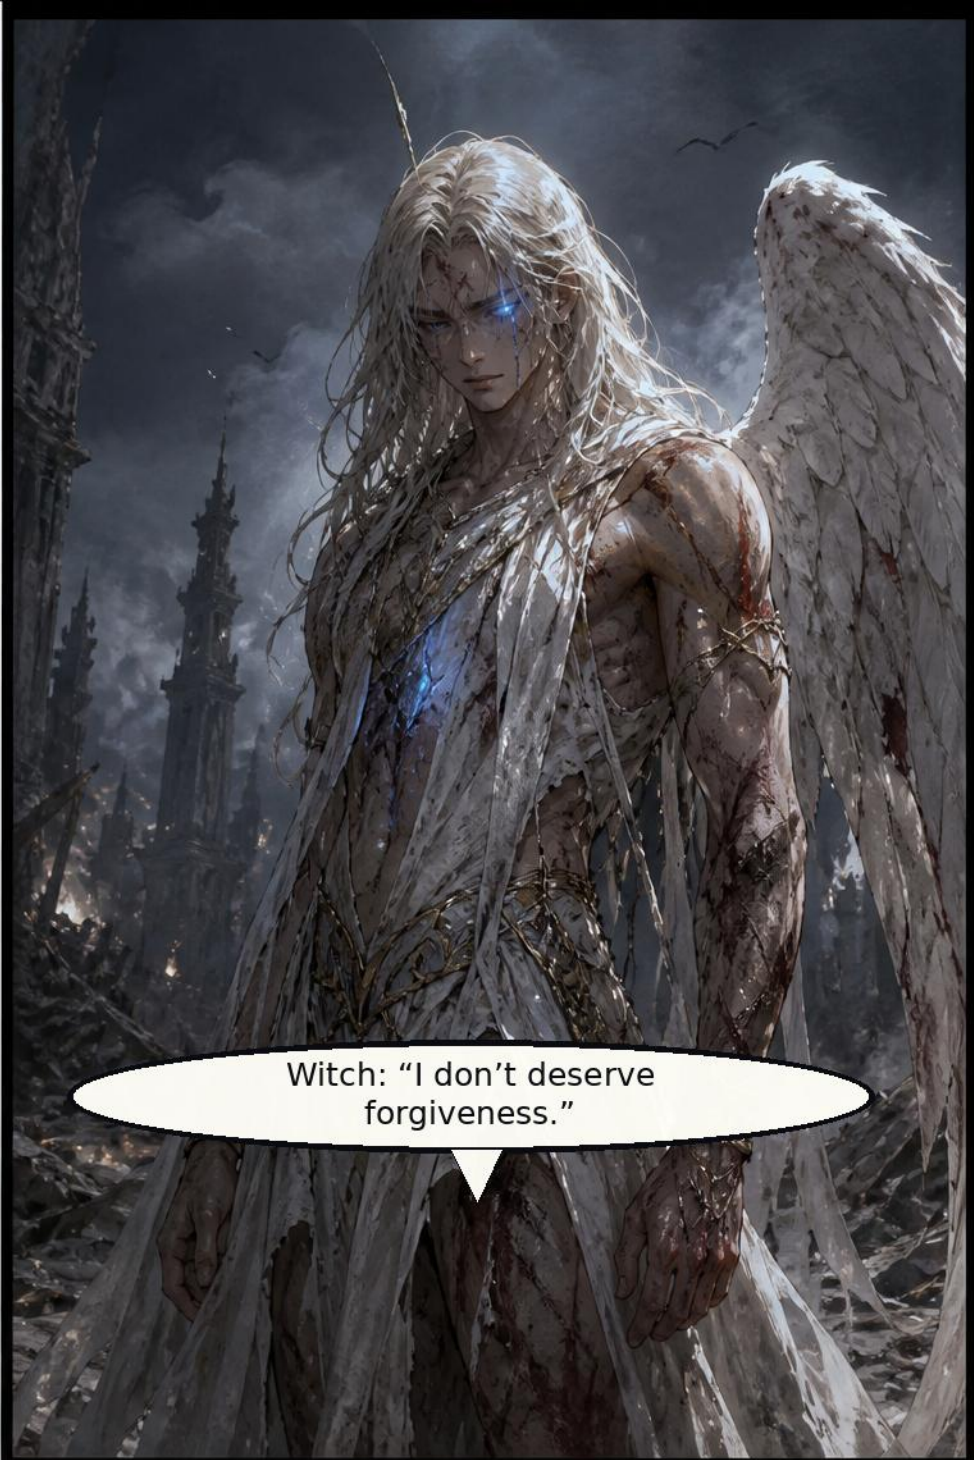

Witch: "That name no longer exists."

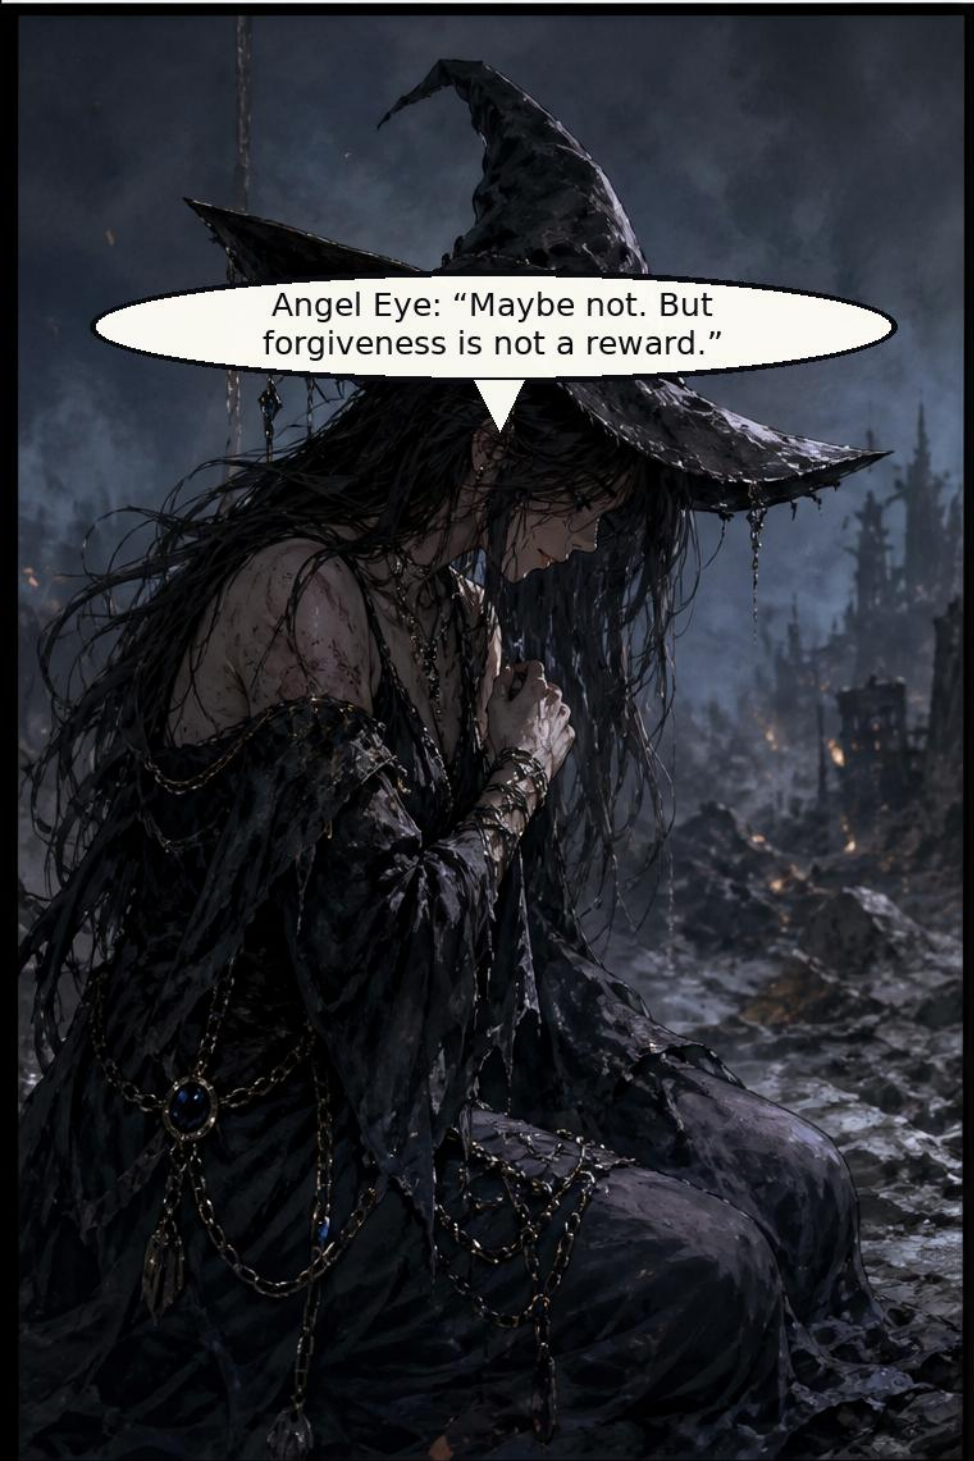

Witch: "I used your grief to hide my own."

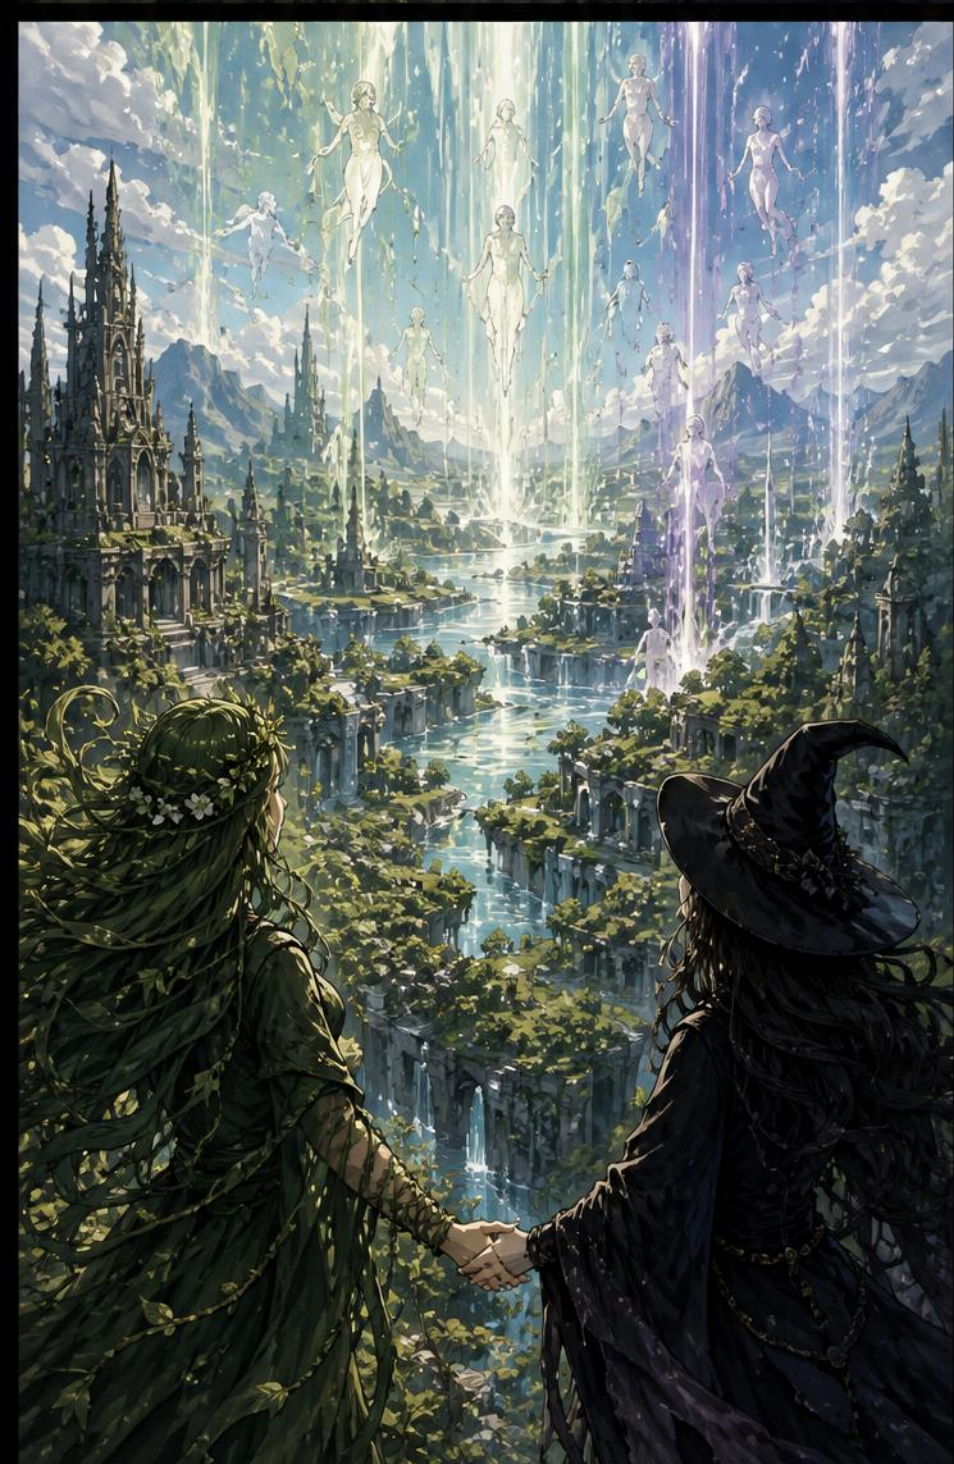

Witch: "I don't deserve forgiveness."

Angel Eye: "Maybe not. But forgiveness is not a reward."

Angel Eye: "It is an end to the chain."

Winged Woman: "Who leads us now?"

Angel Eye: "You can lead one another."

Witch: "Thank you."

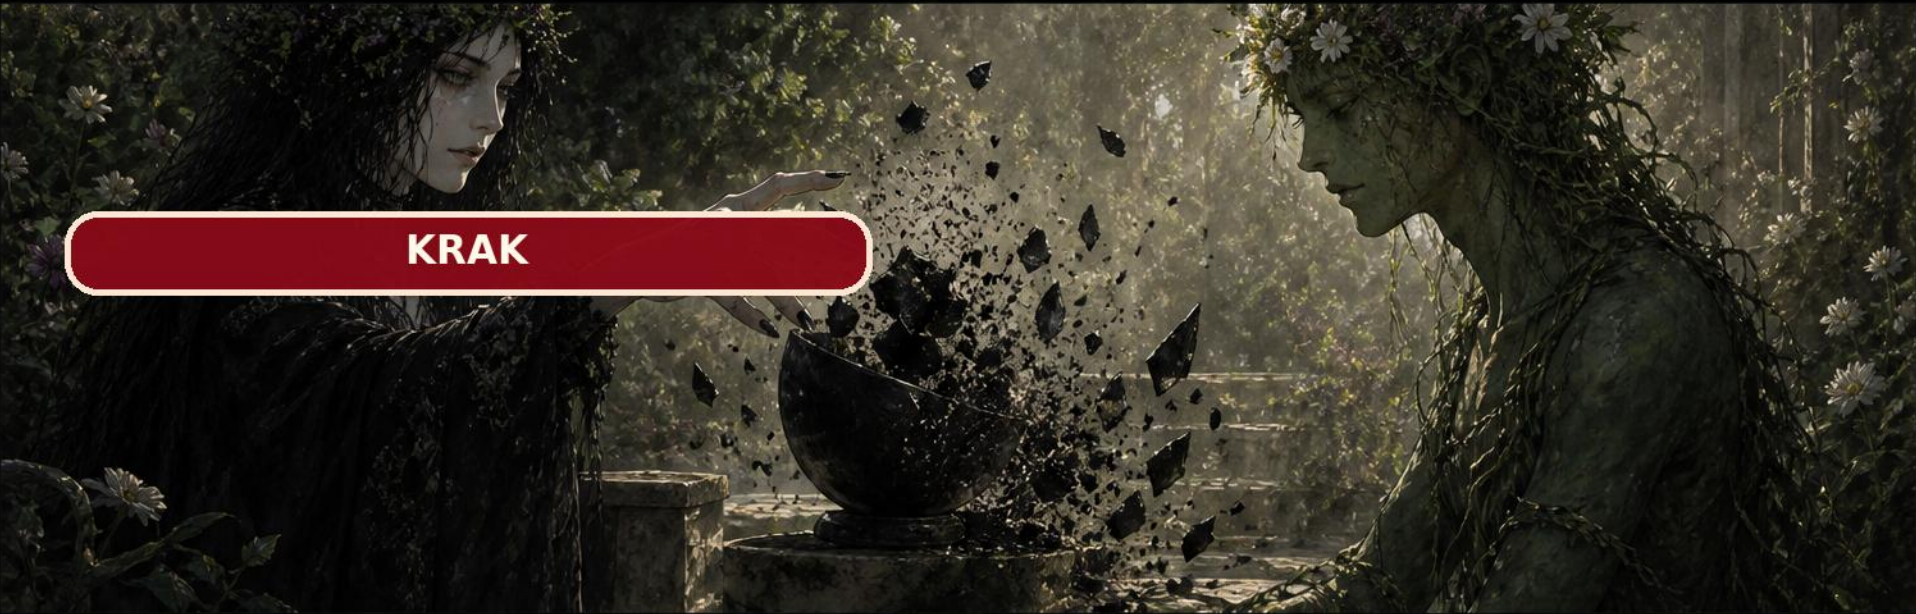

Angel Eye: "Learn to look first."

On Earth, everything lasted one second.

In the Shadow, it lasted twenty years.

KRAK

Judgment is not allowed.

Because anger and hatred are sometimes only grief no one dared to see.
